Green Flash Is Bound for Rome While Paris Is Goal Set for Yellow Bird.

WEATHER IS FINE, KIMBALL REPORTS

Swedish Fliers Meet With New Troubles and Repairs to Ships Are Being Rushed.

Old Orchard, Maine, June 12.—(AP) Clearing weather conditions over the Atlantic tonight paved the way for announcement by the pilots of the Green Flash and the Yellow Bird that they would take off for Europe tomorrow morning.

The Green Flash, Rome-bound, and the Yellow Bird, whose destination is Paris, both will begin the long ocean hop at 8 o'clock tomorrow, it was announced after the weather bureau reported favorable conditions over the oceanic course.

Mechanics and motor experts began working over the two planes about 9 o'clock tonight. Because of a stiff wind, which blew sand along the beach, the motors were not uncovered until it had subsided.

The gasoline tanks of both crafts were drained and the work of fueling the Yellow Bird was started. When this was done the tanks of the Green Flash were to be filled. Mechanics said this would not be completed until 5 o'clock tomorrow.

WEATHER CONDITIONS DECLARED FAVORABLE.
New York, June 12.—(AP)—Dr. James H. Kimball, unofficial starter of trans-Atlantic flights, tonight advised crews of the two airplanes planning flights from Old Orchard, Maine, to Europe, that weather conditions over the ocean are more favorable for a start now than at any time since the fliers have been preparing for their hop.

SWEDISH FLIERS HAVE NEW TROUBLE.

Reykjavik, Iceland, June 12.—(AP)—Ill luck continued today to dog the attempt of Captain Albin Ahrensberg to pilot the seaplane Sverige to America by way of the Arctic route. After several vain attempts to get away from Reykjavik yesterday, all frustrated by small mechanical defects, the aviators made a fresh flight early this morning, but it too turned out to be only a trial.

The main trouble today was with a defective radiator. Mechanics had repaired it after yesterday's failures but the repairs failed to hold. This time the radiator was moved from the plane and brought ashore.

Mechanics said they could complete repairs to the radiator in a few hours. But meanwhile the reports showed that the weather around Iqviut, Greenland, the next scheduled stop, was becoming unfavorable. This factor made it unlikely that any further attempt to cover the more than 500 miles over ice and water on the next leg would be made until the weather cleared.

TENNESSEE GIRL ADMITS SLAYING

Beat Country Merchant To Death With Wagon Spoke To Defend Honor, She Tells Jury.

Chattanooga, Tenn., June 12.—(AP) Eva Cofer, 21-year-old mountain girl, today took the stand in her trial on charge of murdering Lee Atchley, a 35-year-old merchant at Georgetown, Tenn., with a wagon spoke to avenge an insult and declared "I didn't know what I was doing," and broke into hysterical sobbing.

The mountain girl had sat calmly through the day as the trial progressed rapidly, but broke down on the stand. Her testimony was followed by a few character witnesses and the defense rested. Court was then recessed until tomorrow when argument will begin.

Describing how Atchley, whom his widow had previously testified was "drinking heavily" the day of the tragedy, spoke and struck him four or five times, adding, "I was just trying to protect myself. I just as soon beat him to death as to lose my character."

The physical examination of Dr. J. T. Smith, a state witness, the defense brought out that Miss Cofer was a "nervous type" and had been under a physician's care for two years. He said he had advised her to avoid all noise and excitement because "her nerves were shattered."

The physician in direct examination had described Atchley's wounds, and in reply to a question as to what caused his death replied, "I believe the blow killed him."

Widow Testifies.

Mrs. Atchley, the first witness called, said her husband had been "drinking heavily" the day of the tragedy. She said she saw the wagon spoke pay for 3 cents worth of candy and her husband "hugged" her, and the girl slapped his face, but she thought nothing of it, she said, as they were always laughing and joking with each other.

The widow, dressed in deep mourning, said half an hour later she saw the girl standing near the store with a "cornstalk" in her hand, and then Atchley was led in, with blood streaming down his face. She said she betched his wounds and put him to bed, not thinking he was seriously hurt. Atchley died a few hours later. Mrs. Atchley told Miss Cofer to "frail" her husband.

Detroit Paper Reports Secret Meeting at Which Details for Battle Are Arranged.

SHUTTLE SYSTEM TO BE OPERATED

Runners Abandon Motor Boats and Equip Large Tugs for Use on Great Lakes.

Detroit, June 12.—(AP)—The Detroit Free Press tomorrow will say a giant combine of Great Lakes rum runners was formed today to challenge the anti-smuggling agencies of the federal government from Buffalo to Mackinaw.

The Free Press will say a secret meeting of big operators from all points of entry along the Canadian border was held at Ecorse, near here. A shuttle system was worked out whereby the traffic will be diverted to Lake Erie or Lake Huron whenever enforcement units are concentrated in the Detroit river.

Headquarters have been established at strategic points along the border and equipment at these points will be held in readiness to go into operation whenever the locality is comparatively free of federal interference.

"The operators," the Free Press will say, "have devised an extraordinary widespread and apparently efficient intelligence system whereby the leaders of the great combine are always aware of what stretches of the border are under the heaviest guard and at what point danger from interception is for the moment relatively remote."

"An indication that plans for the combine and the new shuttle system of smuggling have been under consideration for some time is furnished by a survey of Ecorse, Trenton and Wyandotte Boatworks along the river. The boats now being constructed offered for sale at prices below what obtained until the recent concentration of coast guard patrol craft on the river."

"To replace the outmoded speed boats which would be of little use to combat the heavy service of Erie and Huron, runners are refitting tugs, ranging in length from 60 to 80 feet. These crafts are being almost completely rebuilt.

Fashionable Subdivision and Houston St. Buildings Bought by Montpelier, Vt. Bank.

Property holdings totaling in excess of \$1,000,000 and featuring the sale of an entire north side subdivision as well as a large parcel of downtown business property and extensive Georgia farm acreage, figured in a real estate transaction just consummated between local interests and eastern capital, it was learned Wednesday from E. H. Sims, manager of the Haas & Howell real estate department, agents.

The Montpelier Savings Bank and Trust Company, of Montpelier, Vt., purchased Garden Hills, one of the city's leading residential developments, and a group of three commercial structures on Houston street, between Ivy and Courtland streets, from interests controlled by P. C. McDuffie, local capitalist and developer. The consideration paid for Garden Hills was \$800,000, while \$145,000 was the price placed on the Houston street property.

The Vermont bank gave as part consideration a large group of farms valued at \$275,000. The deal was negotiated by O. D. Bartlett, of Haas & Howell.

Constituting the largest real estate transaction announced here in months and the largest subdivision sale in several years, the deal has been in process of negotiation for some time, coming to a close Wednesday with final arrangements between Mr. McDuffie and the Vermont bank.

While the investment of eastern capital in Atlanta property on a large scale is regarded with significance by local real estate men, particularly in view of the fact that the bank is a local institution, the acquisition of extensive Atlanta holdings, among these was the purchase of the Vermont bank's interest in the Peachtree street tract and other well developed north side drives. The unsold portion to be developed under the plan is situated on a 200 lot large dimensions.

Developed in Four Years.
Development of Garden Hills was started originally by Mr. McDuffie about four years ago. Although entirely unimproved at that time, the extensive tract was highly valued for subdivision possibilities because of its location and proximity to the city. Since then approximately 100 homes have been built on the property, valued at \$750,000 in construction, while street and landscaping improvements, construction of swimming pool, driving academy and other center are said to represent investment of another three-quarters of a million dollars.

Conveyance of the subdivision was made from the Garden Hills Corporation, owned by McDuffie, to the bank. At the same time Haas & Howell sold the bank the Houston street property for the Guarantee Mortgage Company, of Atlanta, a P. C. McDuffie holding. The parcel is known as 70, 72, 74, 76, 78, 80 Houston street and extends back to a depth of 200 feet. It is improved: a two-story store and office structure, a single-story group of stores and a garage is located in the rear. The consideration was \$145,000.

Proposal General Revision of Tariff Makes Further Sessions Useless, He Claims.

BY D. HAROLD OLIVER.
Associated Press Staff Writer.
Washington, June 12.—(AP)—President Hoover's extra session program marked time today as the republican rebellion in the senate spread from farm relief to the tariff and the house and senate became deadlocked on recess plans.

The farm relief, tariff, census-reporting and immigration measures recommended by the president were by the boards as the republicans quarreled in the senate and the house party leaders sought frantically to round up their forces for a decision on the agricultural controversy tomorrow.

Calls for Adjournment.
A statement by Senator Watson, the republican leader, that general revision of the tariff was contemplated, touched off the first extended discussion of the subject in the senate today and prompted a declaration by Senator Borah, republican, Idaho, that congress should adjourn at once.

The debate, which followed the initial session of the finance committee in opening one month of public hearings on the house tariff bill, was participated in by half a dozen senators, including both the republican and democratic leaders.

Borah's statement came after Senator Watson had expressed the opinion that it would be impossible to hold the tariff duties on agricultural products, which the Idahoan favors.

"It is perfectly apparent that there is to be a general tariff revision and there is no prospect of concluding that before the regular session in December," declared Borah.

"Then I am ready to vote to adjourn this congress at once," declared Borah.

Torture Or Death Faces Captured French Troops

Rabat, Morocco, June 12.—(United News)—Strong forces of French troops pushed across the muddy, upper plateaus towards the Atlas mountains tonight in a desperate effort to rescue 83 officers and soldiers who were carried away by savage horsemen after a battle with troops in the region between El Bord and Ait Xacoub.

There was little hope of saving the prisoners from torture or death, authorities feared, but every effort was being made to punish the rebels who ambushed a French reconnaissance patrol, killing 13, wounding 10 and capturing many of the survivors.

Generals Vidalon and Freydenberg, of the high command in Morocco, started for the scene at once to take charge of the counter attack.

The bloody encounter, in which the ambushed patrol fought valiantly against the wild-riding raiders from the hills, was the first serious engagement in Morocco since Abd El Krim surrendered in 1926.

Attack Swift.
The attack was such as can befall only those troops of France's far-reaching military arm—the Foreign Legion. The fury with which the attackers swept down on the troops was prompted by a native hatred of Christians and of foreigners and the fate of the captives at the hands of the knife-wielding mountaineers is precarious in the extreme.

Troops Surrounded.
Without warning the advancing troops were surrounded by the hard-riding rebels. The mountaineers rode through the smaller band of troops firing muzzle-loading guns and swinging huge knives with great skill as they clashed at close quarters.

The rebels were merciless in their assault and swept around the retreating troops, cutting off the force of 83 officers and men. The rest finally managed to reach safety but only after a desperate fight.

BROOKHART HITS STAND OF HOOVER

Iowa Republican Threatens Appeal to Country To Place Progressive in White House.

Washington, June 12.—(AP)—The effort to send President Hoover a farm relief bill without the export debenture plan shifted to the house today where administration leaders have decided to permit a direct vote on this provision tomorrow.

Telegrams were sent by the dozens to members of both the administration and the debenture groups to bring in members who had left Washington. The republican leaders predicted the debenture plan would be defeated by a comfortable majority.

Leaders of the republican independent and democratic coalition in the senate, which twice defied the president's opposition to debentures, have announced that if the house votes their debenture proposal down, they will not insist upon its inclusion in the farm bill.

New Threats for Hoover.
While the house leaders marshaled their forces, new threats of reprisal for Mr. Hoover's opposition to the debenture plan were heard in the senate. Senator Brookhart, republican, Iowa, proposed to let the farm bill pass without the debenture clause and then insert the provision in the tariff bill. He said if debentures were rejected by the house "the time had come to organize a fight to the finish."

NEW SOUTHERN AIR FIRST STEP TO END NETWORK ASSURED CHURCH WARTAKEN

Appropriations Promised Quickly After Hearing on Proposed Mail Routings.

Washington, June 12.—(AP)—Assured by senators and representatives that congress will quickly appropriate funds for any air mail developments recommended, the interdepartmental committee on airways today took under consideration extension proposals affecting nine southern and southwestern states.

Assistant Postmaster General Glover, presiding at a hearing on proposals looking toward a network of airways, including short spur routes to feed into the main trunk lines, as well as long haul routes, said all suggestions would be given full consideration.

Urgent plans for development of all the suggested extensions were made in hearing by congressional representatives who also urged special consideration for projects touching their own states.

The states which would receive increased air mail service, or air mail for the first time, are Tennessee, Louisiana, Georgia, Mississippi, Alabama, Oklahoma, Arkansas, Texas and South Carolina.

Discussion of a southern transcontinental route was brought into the proceedings after St. Louis businessmen asked for a line from that city through Joplin and Oklahoma City to Dallas. The committee set late July as the date for a separate hearing on these projects.

President Gil and Archbishop of Mexico Hold Conference To Discuss Differences.

BY G. F. FINE.
United News Staff Correspondent.
Mexico City, June 12.—The first formal step towards settlement of Mexico's vastly important and troublesome religious question was taken today by representatives of the Catholic church and President Portes Gil, with every indication that negotiations were proceeding smoothly towards a successful conclusion.

Archbishop Leopoldo Ruiz y Flores, representative of the holy see, and Bishop Pascual Diaz, of Toluca, who returned here last week to undertake the negotiations, talked with the president for more than an hour and a half.

When they left the conference, both were smiling and apparently in high good humor. Archbishop Ruiz announced that there had been "an exchange of ideas" with the president. Turning to the photographers, he added:

"Don't photograph my heart, because you would have a statement," President Portes Gil, whose attitude made possible the opening of negotiations, also was in good spirits after the conference but declined to make a statement.

A decree by Calles in 1926 prohibited the church from owning real estate in Mexico, forcing it to give up properties of immense value. Numerous other regulations enforced by the decree proved objectionable to the church, especially those concerning regulation of schools.

STATE SCHOOL CHIEF ASKS REVOLVING FUND

Bond Issue Urged as Means of Paying All Bills Without Delay.

A state bond issue to be used solely as a permanent revolving fund to enable prompt payments is suggested for the state department of education in the biennial recommendation of M. L. Duggan, state superintendent of schools, contained in the report made public Wednesday.

"It would not be unreasonable to ask for an allocation of one-fourth of the gasoline tax for the educational equalization fund," Dr. Duggan said, "as official investigations made in some of the states indicated that about three-fourths of the total amount is used on public roads." One-eighth of the gas tax now goes to the equalization fund.

Equalize Opportunities. "Abolition of the local district taxing powers and proportionately increasing the county's taxing powers for school support would 'more nearly' equalize education opportunities as between the schools within the county," Dr. Duggan said.

In many counties, very little effort is made to enforce the compulsory attendance law, simply because it is believed that it cannot be enforced as it is written, the report states. The number of grades that a normal child should complete before leaving school should be specified, the report suggests.

Expenditures Heavy. The income of the state school system during 1928 was \$21,945,383.69. Expenditures for white schools were \$19,402,216.33, for colored schools \$2,543,167.36, a total of \$21,945,383.69.

The 1928 white school census showed an enrollment of 526,622. The 1928 white average daily attendance was 353,322. The white enrollment during 1928 was 463,428. The colored school census was 341,963, the average daily attendance was 174,927, and the enrollment in colored schools was 241,498.

BUILDING PERMITS TOTALING \$240,000 ARE ISSUED TO CITY

Building permits amounting to \$240,000 were issued Tuesday to the city of Atlanta by C. J. Bowen, city building inspector, it was announced Wednesday at the inspector's office.

A school annex, a school auditorium and gymnasium and a reinforced concrete bridge, to replace the Mitchell street viaduct, next to the Terminal station, were the projects on which the three building permits were issued, according to Mr. Bowen.

The school annex will be to the L. N. Ragdale school, on Ayon avenue, and a gymnasium and auditorium for the Goldsmith school at Marietta and Rice streets, were the other permits.

DIRECTED VERDICT IN SHEARER CASE DENIED BY JUDGE

Memphis, Tenn., June 12.—(P)—The government's motion for a directed verdict denying damages for the death of C. E. Shearer, one of the 23 persons who lost their lives when the river commission steamer Norman sank near here in 1925, was overruled today by Federal Judge Harry B. Anderson.

Hearing of the suit, brought as a test case to determine whether the government is liable for damages claimed when a passenger sank in the Mississippi river while carrying a holiday party of engineers, continued after Judge Anderson had ruled Lindsey B. Phillips, district attorney, for a remark made during argument of the motion.

"If your honor will follow the law in regard to," Mr. Phillips began. Judge Anderson interrupted sharply with:

"I don't like that remark, Mr. Phillips, and another like it will be taken for contempt of court."

Mr. Phillips apologized immediately. Attorneys expected to end the case this week.

The Shearer suit was one of several brought after congress passed a special relief act allowing \$7,500 to estates of those drowned.

The government contended it was not liable to suit for damages.

BEAUTY PAGEANT STORM BREWING OVER TULSA ENTRY

Galveston, Texas, June 12.—(P)—Miss Tulsa, a bronchial girl entered under the name of Theda Delrey, was the storm center tonight as the fourth annual international pageant of pulchritude here was brought to a close.

Miss Houston, Jeanne Lott, and Mrs. L. Q. Hall, of Houston, today made affidavit that the Tulsa entrant was Miss Houston of 1927 who was entered under the name of Alberta McKellop. Under the pageant rules a former contestants is ineligible to compete.

In the international competition last night Miss Tulsa was selected for ninth place in the money.

Willett L. Roe, manager of the pageant, said he would place all the evidence in the hands of the executive committee and let that group decide whether the girl should be disqualified.

Miss Delrey had continually denied reports that she was the same girl who represented Houston in 1927. She asserted Miss McKellop was a distant cousin.

SUPREME COURT AFFIRMS NEGRO'S DEATH SENTENCE

Rome, Ga., June 12.—(Special).—The state supreme court today affirmed the death sentence for murder against Jeff Dozier, colored, convicted slayer of Laura Arnold, negro, on New Year's Eve last. Dozier at that time was a life-term trusty in the Floyd county chain gang camp.

Dozier was serving a life sentence for the murder of his wife seven years ago, but he had been given the freedom of a trusty. Using this he left the camp on New Year's Eve, came to Rome and following an altercation with Laura Arnold, shot and killed her.

The case brought about a probe by the state prison commission, and the discharge of a guard at the county stockade here.

MAN DISAPPEARS Family Tells Police of Missing W. W. Moore.

W. W. Moore, 42, of 803 Harold avenue, S. E., has been missing from his home since about 6 o'clock Monday night, according to members of his family who notified police of the missing man. He was last seen on Trinity avenue. Moore is described as being about 35 feet and 10 inches tall, weighing 175 pounds, with black hair and brown eyes.

BIRTHS IN GEORGIA DOUBLE DEATHS IN 1927 AND 1928

Births in Georgia during 1927 and 1928 were nearly twice as many as the number of deaths during the same period, according to the biennial report of Dr. T. F. Abernethy, state health commissioner.

Figures contained in the report show that there were 61,636 births to 31,869 deaths in 1927, and there were 50,228 births to 36,085 deaths in 1928. A rate of 74.5 births per 1,000 population against 10.1 deaths was recorded during 1927, and a rate of 84 births against 11.3 deaths per 1,000 population was shown during 1928, the report states.

Elizabeth N. J. June 12.—(United News).—Henry Cohn Campbell, 60-year-old engineer, was described by prominent alienists today as sane on the night of February 21, when he killed his bigamous middle-aged bride, Mrs. Mildred Mowry, and burned her body at the side of a New Jersey road.

The alienists, whose testimony conflicted with that of other medical experts called by the defense, were the last witnesses to be summoned in the trial of the white-haired "torch slayer."

ENGINEER SANE WHEN HE KILLED BRIDE, DECLARED

The case will go to the jury tomorrow after Prosecutor Abe J. David makes his summation. Francis Gordon, Campbell's attorney, finished the defense summation late today.

Stimson Is Honored.

New York, June 12.—(P)—Henry L. Stimson, secretary of state, today received the honorary degree of doctor of laws at the 97th annual commencement exercises at New York university.

ENGINEER SANE WHEN HE KILLED BRIDE, DECLARED

The case will go to the jury tomorrow after Prosecutor Abe J. David makes his summation. Francis Gordon, Campbell's attorney, finished the defense summation late today.

Elizabeth N. J. June 12.—(United News).—Henry Cohn Campbell, 60-year-old engineer, was described by prominent alienists today as sane on the night of February 21, when he killed his bigamous middle-aged bride, Mrs. Mildred Mowry, and burned her body at the side of a New Jersey road.

The alienists, whose testimony conflicted with that of other medical experts called by the defense, were the last witnesses to be summoned in the trial of the white-haired "torch slayer."

STATE SCHOOL CHIEF ASKS REVOLVING FUND

Bond Issue Urged as Means of Paying All Bills Without Delay.

A state bond issue to be used solely as a permanent revolving fund to enable prompt payments is suggested for the state department of education in the biennial recommendation of M. L. Duggan, state superintendent of schools, contained in the report made public Wednesday.

"It would not be unreasonable to ask for an allocation of one-fourth of the gasoline tax for the educational equalization fund," Dr. Duggan said, "as official investigations made in some of the states indicated that about three-fourths of the total amount is used on public roads." One-eighth of the gas tax now goes to the equalization fund.

Equalize Opportunities. "Abolition of the local district taxing powers and proportionately increasing the county's taxing powers for school support would 'more nearly' equalize education opportunities as between the schools within the county," Dr. Duggan said.

In many counties, very little effort is made to enforce the compulsory attendance law, simply because it is believed that it cannot be enforced as it is written, the report states. The number of grades that a normal child should complete before leaving school should be specified, the report suggests.

Expenditures Heavy. The income of the state school system during 1928 was \$21,945,383.69. Expenditures for white schools were \$19,402,216.33, for colored schools \$2,543,167.36, a total of \$21,945,383.69.

The 1928 white school census showed an enrollment of 526,622. The 1928 white average daily attendance was 353,322. The white enrollment during 1928 was 463,428. The colored school census was 341,963, the average daily attendance was 174,927, and the enrollment in colored schools was 241,498.

City Sanitary Department Launches Move To License Janitors in Smoke Fight

**Special Stoker Is Tested
To Halt Nuisance in At-
lanta—New Equipment
Is Being Installed.**

Coincident with announcement of the city sanitary department through Smoke Inspector A. W. Jones, of perfect performance of a new smokeless stoker recently installed at the Georgian Terrace hotel, a move was launched to license janitors in buildings in Atlanta in order to further the fight for smoke abatement.

The installation at the Georgian Terrace was placed into service Saturday and a minute inspection showed it to be functioning perfectly, according to Mr. Jones.

Holding that enactment of city ordinances which would license janitors would react to save hundreds of thousands of dollars to owners and reduce the smoke nuisance, proponents prepared to offer such a paper to

councilman committees for study and report.

During the past two years smokeless stokers have been installed in 39 large plants in Atlanta and all are pronounced a success. At least 25 per cent is saved in fuel bills where the most modern methods are used, Mr. Jones contends.

There are 19 new plants to which permits for installation of the modern equipment have been issued and several others are replacing old equipment with the newer types.

Plants which have been changed from the old model equipment to the latest scientific types in the past two years are:

Atlanta Trust Company building, American Laundry, Aragon hotel, A. and A. Dry Cleaning Company, Atlanta Coca-Cola Bottling Company, Ansley hotel, Atlanta Locomotive Company, Bailey Motor Company, Ford Motor Company, Guthman's Laundry, Georgian Terrace hotel, Howard Dry Cleaning Company, Kimball House, May Laundry & French Dry Cleaning Company, Piedmont Laundry, Ponce de Leon Dry Cleaning Company, Schlesinger Meyers Bakery, Sanitary Dry Cleaning Company, Swift Laundry, Swift Company, Roddard Dry Cleaning Company, Tenth Street Shoe Parlor, Tenth Street Laundry, Whit building, Atlanta board of education schools, Euclid Avenue school, J. M. Goldsmith school, Tenth Street school, Moreland Avenue school, Joel Chandler Harris school, Joe

Brown school, Atlanta Terminal Company plant, Southern Railroad, Brown building, Boring Jones building, Great building, F. & M. Cafeteria, Trust Company of Georgia building, United States postoffice building, New industries with permits to install proper equipment: Atlanta Terminal Company, Cargile Dry Cleaning Company, Colonial Building Company, Chevrolet Motor Company, Fidelity Trust Company, Jones Hat Company, Loring Company, Sears-Roebuck Company, Rhodes Dry Cleaning Company, Southern Bell Telephone Company building, Singer building, Lane Drug Company, N. Plans now changing to smokeless types are: Walton building, Atlanta Journal, Capitol City Laundry, Piedmont hotel.

G. M. A. IS CREDITED AS HONOR SCHOOL BY WAR BUREAU

Washington, June 12.—(P)—Sixteen academies and schools have been designated by the war department as honor military schools for the year 1939. They include Augusta Military Academy, Georgia Military Academy, College Park, Ga.; Gulf Coast Military Academy, Gulfport, Miss.; Riverside Academy, Gainesville, Fla.; Staunton Military Academy, Staunton, Va.; and Tennessee Military Institute, Sweetwater, Tenn.

All except the Augusta Military Academy were rated as honor military schools in 1938. The rating was made upon the effectiveness of the Reserve Officers' Training Corps units maintained at the respective institutions.

CLASS CLASHES PROBE REPORT DUE THIS WEEK

Athens, Ga., June 12.—(P)—The University of Georgia discipline committee, which has been holding three and four sessions daily, today announced it would report later in the week on clashes between freshmen and upper classmen two weeks ago.

Dean S. V. Sanford, chairman of the committee, announced that this week's report would be final and would recommend the discipline committee's punishment, if such were deemed necessary.

Several students were injured in a near riot on the campus two weeks ago, after upper classmen were reported to have boasted that they could take a certain dormitory away from the freshmen.

Later the student body passed a resolution abolishing hazing of freshmen at the university hereafter.

FLORIDA HOUSE VOTES FOR CARLTON GAS TAX

Second, Unit of Administration Program Approved by 62-28 Vote.

Tallahassee, Fla., June 12.—(P)—Governor Carlton's five-cent gasoline tax distribution bill passed the house of representatives, 62 to 28, today amid reports of house majority approval of a sixth cent tax on the product.

Adoption of the measure, unit 2 of the special session administration tax program, was followed immediately by a half hour wrangle when the sixth cent tax bill was introduced.

Previously well organized administration and anti-administration blocs merged into divisions to support or attack the added cent tax proposal as brought to the floor.

The five-cent bill, previously passed by the senate without amendment, was under discussion one and one-half hours.

Distribution of the \$12,000,000 five-cent gasoline tax was adopted as follows: Two cents to the state road department; two cents for reduction of county and special district road and bridge bond indebtedness; one cent to be divided equally among counties, two-thirds of the latter for schools and one-third for road construction.

Immediately after the passage of the bill, Representative D. Stuart Gillis, of Gainesville, gained a unanimous consent of the house to introduce the bill providing for a sixth cent tax on gasoline and a general ad valorem tax of one mill.

Devoted to Schools
Revenue would be devoted entirely to school purposes, \$400,000 to the institutions of higher learning and the balance distributed according to law among public free schools. Under present law, such money would be distributed on a basis of average attendance, but Representative Gillis introduced a bill yesterday to establish a public free school fund and to distribute school money on a teacher unit basis, with each unit representing 30 pupils.

Race Bill Vote Held.
Adoption of a motion to adjourn late today prevented the senate from recording its decision on the issue of racing and race track gambling in Florida, after the general race bill sponsored by Senator Taylor, St. Augustine, had been advanced to the point of calling the roll for the final vote. Under senate rules the measure went over, on the calendar until tomorrow morning.

Aside from the brief debate on the racing bill, the only outstanding action in an otherwise quiet day was defeat by 19 to 15 of a measure providing for a uniform system of textbook selection for the public schools. This bill, recommended among other educational provisions in the governor's extra session call, had been previously passed by the senate in the regular term of the legislature.

A number of local, pension and minor general bills were approved today, and 16 new measures introduced. The latter included additional revenue bills sponsored by the administration and provided for levy of state and county occupational taxes on nearly a hundred businesses and professions not affected under the existing law, and for collection of an annual license tax on all foreign and domestic corporations.

The racing bill under consideration today carried provision for a statewide referendum on the racing and

part-mutuel wagering question at the 1939 general election, in addition to a county option clause which would permit holding of local race meetings by a majority vote during the coming winter season and prior to the general referendum.

Would Prevent Operation.
Senator Bell, Arcadia, one of the opposition leaders, offered an amendment to prevent the law from becoming operative, in event of passage of the bill, at any time before it had been submitted to the people in the next election. The proposal was voted down by 19 to 10.

A suggested alteration, which was unanimously adopted, came from Senator Waybright, and provided that any person who should fail to remit to the state the amount of taxes required under the bill for operation of race tracks and mutuel machines, would be guilty of embezzlement and subject to punishment accordingly.

Constipation and Bilioussness Cause High Blood Pressure

**If Alertox Fails—
Call a Doctor**

High blood pressure is both functional and organic, often produced by over-eating or mental strain, while constipation and bilioussness are underlying causes. In either case, Alertox, a new chemical discovery, through a process of elimination, corrects all toxic conditions and tends to reduce pressure in the veins and arteries by carrying out, through the intestinal tract, excess water in the system which the sweat glands have failed to secrete.

After the first dose or two of Alertox you note a decided improvement in reduced blood pressure, also in your general health, because Alertox removes, in one action, more poison bile from the system than any other known formula, leaving you buoyant, vivacious and alert. CHEATING IS PROBLEM, GEORGIA DEAN SAYS

**Dishonesty Seen as Great
College Evil by Uni-
versity Head.**

Athens, Ga., June 12.—(P)—College and school authorities the country over are worried with the problem of cheating on examinations, Dean S. V. Sanford, of the University of Georgia, said today in his annual report to the board of trustees.

Dr. Sanford does not believe this dishonesty is any more prevalent in any one section of the country than another. He found it worrying college authorities the country over.

Enumerating three problems "as old as university life"—better students and better faculty, money, and stimulation of scholarship—the dean declared that "there is a fourth problem that is giving college authorities unusual concern, the problem that is striking at the very heart of our educational institution and the life of modern civilization, the problem of dishonesty, the problem of cheating."

Dr. Sanford attributed the situation to overcrowded class rooms in the high schools and colleges. He added that this was not confined to three students in high school and early years in college, but was not an infrequent occurrence in the summer school sessions among older students and teachers.

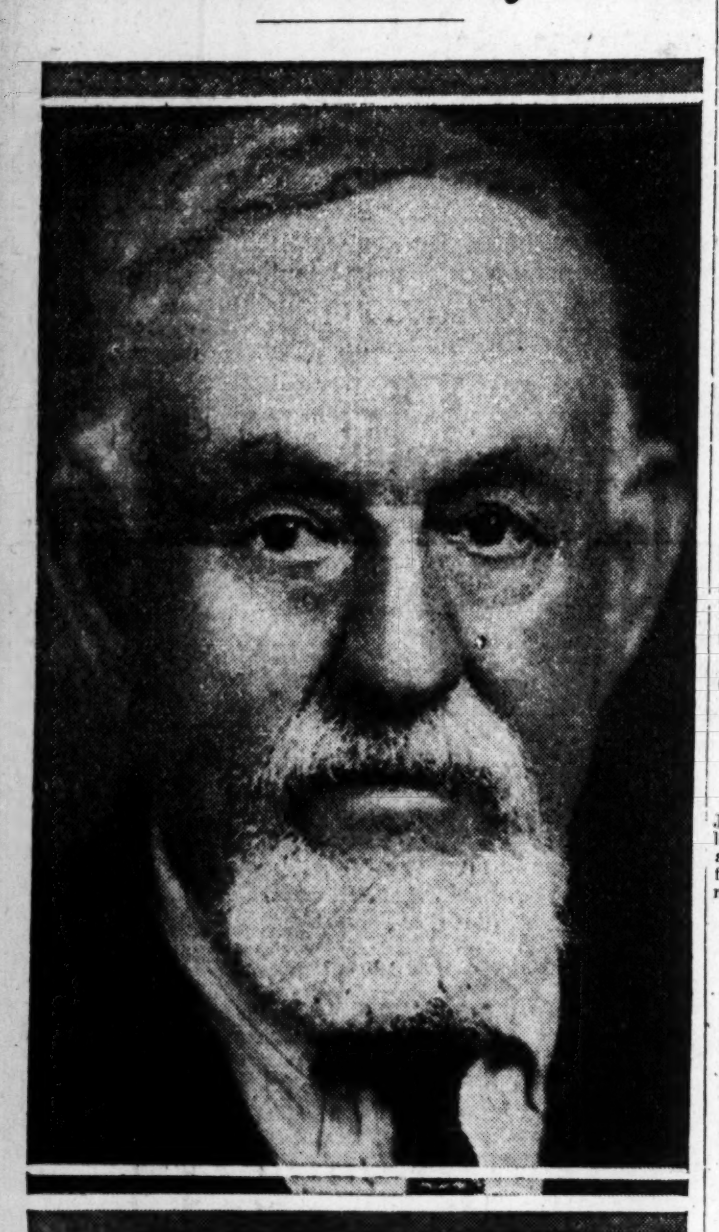

He touched on his plan to divide the college into two distinct parts: The freshman class and the college proper. He would consider the freshman class as the bridge between the high school and the college.

On the subject of student marriages Dr. Sanford said there were three types, one where a girl married a boy outside the student body; where a boy married a girl who was not a student, and where two students married. He thought that where both were students, their parents should be notified and the students withdrawn, but was not certain what course should be followed in the other two instances. He thought participants in secret marriages should be dismissed.

Retired Business Man Hale and Hearty at 75

GEORGE IRWIN

"When I say that I feel 20 years younger and 20 years stronger and just like my old self again, it just about expresses what this wonderful Sargon has done for me.

"I am 75 years old and I don't hesitate to say that I have never known a medicine to equal it. About two years ago I noticed that my old-time strength and energy was leaving me. My appetite wasn't keen and I couldn't sit down to the table and enjoy a good hearty meal like I had been used to doing almost all my life. I was more or less constipated and bilious and always had to be taking laxatives and cathartics, but the more I took, the more I had to take. I didn't sleep well and was awfully nervous. I went to bed tired and worn out and got up feeling the same way. At times I got awfully discouraged and began to think it was my age and that I couldn't expect to feel any better.

"A few weeks ago a friend of mine recommended Sargon and as it seemed to be the talk of Los Angeles I decided to try it. I also got the Pills. This medicine seemed just like it was made for my case. It just seemed to fill me with new life and energy and

I felt better and stronger in every way before I had finished the first bottle. I got another bottle and now I feel just like another man. My appetite is fine and everything tastes right and agrees with me. I am not nervous any more and I sleep fine. I eat a hearty breakfast every morning and I feel just as good as I did back in the good old days in Toronto, Canada, where I came from.

"I expect to make a visit up home soon now and if any of my friends are ailing they are going to have Sargon and Sargon Soft Mass Pills because I am going to take them along with me. The Pills are the finest I have ever seen. The Pills and Sargon together have regulated my whole system."

This remarkable statement was made recently in Los Angeles by George Irwin, of 6130 Palm Avenue, Maywood, California.

Mr. Irwin was engaged in the wholesale meat packing business in Toronto, Canada, up to a few years ago when he retired and moved to California.

Sargon may be obtained at all Jacobs' drug stores throughout Atlanta.—(adv.)

TESTIMONY TO OPEN IN TRIAL OF SLICER

**Demurrer is Overruled and
Jury Selected in Bank
Embezzlement Case.**

Taking of the testimony in the trial of J. Sam Slicer, one-time president of the now defunct Colonial Trust Company, will begin before a jury in Superior Judge Virgil B. Moore's division of the criminal court this morning. The jury had been selected and given the prosecution and defense outlines Wednesday. Slicer is charged with embezzlement.

The trial got away after Judge Moore had halted arguments on a demurrer and overruled it Wednesday morning. The jury was selected after the defense had used 20 of its 20 preliminary challenges and the state had exhausted eight of its ten.

20 Witnesses Called.
More than 30 witnesses have been summoned.

In outlining the state's case against the former banker, who is jointly indicted with the trust company's former vice president and treasurer, T. J. Norman, who is to be tried later, Assistant Solicitor-General J. Walter LeCraw told the jury that the state would prove 14 acts of embezzlement or misappropriations of funds against Slicer.

Ben Conyers, of defense counsel, in his opening outline, stuck almost entirely to technicalities and indicated that he would pursue this course throughout the remainder of the trial.

Members of Jury.
The following compose the Slicer jury: J. M. Medlock, an auto mechanic, of 480 Payne avenue; S. H. Rudder, gateman, Atlanta joint terminals, of 639 Cherokee avenue; C. T. McGraw, estimator, Randall Brothers Coal Co., 7 Blinn place; W. B. Duncan, Buick Motor Co., 200 Laurel avenue; E. W. Smith, meat cutter, 329 Ashby street; Claud Hildebrand, produce merchant, Dunwoody, Ga.; A. H. Sims, Brynola district; R. J. Lee, stone department manager, 946 Highland view; F. P. Pursey, a bookkeeper, 777 Virginia circle; C. L. Weidon, carpenter, 781 Crew street; H. T. Simpson, branch manager, Rogers stores, 300 Jonesboro road, and A. A. Acree, a blacksmith, of Dunwoody.

JONES LAW SENDS TWO ATLANTANS TO U. S. PRISON

Provisions of the Jones law fell heavily on Guy A. Smith and James M. Carroll, of Cherokee county, in federal court here Wednesday when they drew sentences of one year and a day in the United States Industrial Reformatory at Chillicothe, Ohio.

They were charged with the possession and transportation of 100 gallons of whisky and both pleaded guilty.

Under the Jones act, transportation of whisky is made a felony along with the sale, manufacture, importation and exportation of this well-known beverage. Possession is not included.

Imposition of sentence in the case of W. B. Burgess, of Habersham county, was postponed until the second Monday in July. He is charged with the manufacture of whisky.

TRUST COMPANY VOTES DIVIDEND OF FOUR PER CENT

Directors of the Atlanta Trust Company voted a semi-annual dividend of 4 per cent, representing \$60,000, to be distributed among holders of the \$1,000,000 capital stock as of record of June 26. The dividend is payable July 1.

Indication of business operations of the company for the first six months of this year would excel those for the same period of 1928 was reported by A. J. Crane, president. The company's activities are seen to reflect general satisfactory conditions in the business of this section.

GEORGIANS PASS ENTRANCE TESTS FOR ANNAPOLIS

The Atlanta recruiting station for the navy has received word from the navy department that four Atlanta recruits have successfully passed entrance requirements for the United States naval academy. The successful men getting these appointments from the ranks were: Leighton Moore, of Milledgeville; A. R. Gallaher, of Augusta; E. E. Sengroves, of Macon, and Robert E. Lee, of Jacksonville. All enlisted as apprentice seamen through the Atlanta office.

Lieutenant Stanley A. Jones, recruiting officer, announced that authority has been received to enlist ten extra men during June who desire to enter the naval academy from the ranks. In order to qualify for the next examination, to be held in April, applicants must be enlisted before July 1.

Detailed information concerning requirements may be obtained at the navy recruiting station, Room 303, Postoffice building.

GEORGIA GEOLOGY BOARD TO SEEK FUND INCREASE

An increase in the appropriation for the state department of geology will be asked of the general assembly this summer, it was decided Wednesday at a meeting of the state geology board. The board desires approximately \$300,000 a year additional for preparation of a topographic map of the state as a base for geological and soil surveys, and an increase of \$15,000 a year in the regular appropriation, according to Dr. S. C. McCallie, state geologist.

TEACHERS RESIGN Fourteen Instructors in At- lanta School Quit.

The Atlanta board of education has accepted the resignations of 14 public school teachers and granted leaves of absence to three others.

Italian Society To Give Pagliacci Rehearsal Today

Atlanta's Italian society, Il Circolo Italiano, will present an opera rehearsal of Pagliacci at 8:30 o'clock tonight at the club hall on the third floor of the Zahner building, 1000 Peachtree street, at the corner of Tenth, as a feature of its June meeting.

No charge will be made for admission and all opera lovers are cordially invited to attend, according to announcement of G. Negri, president. The opera, which will be under the personal direction of Maestro Emilio

Volpi, well-known grand opera coach and voice teacher, will include the following in the cast: Nora Allen Volpi, as Nadda; Sam R. Callaway, as Canio; Clyde Dudley, as the harlequin and Frank McMillan doubling as Tonio and Silvio.

A chorus of 20 voices will support the cast and will feature two of the most appreciated selections from the opera, the opening chorus and the Bell chorus. Mr. Volpi will accompany on the piano. A short biographical sketch of the composer will be given by Mr. Negri, as an introduction to the opera.

A feature of the evening will be the presentation of an autographed portrait of President Hoover, which was obtained for the club by United States Senator William J. Harris. After a formal presentation of the picture, it will be hung beside large, personally autographed portraits of the King and Queen of Italy and Mussolini.

BURIAL IN BRUNSWICK

**Mrs. Smith's Body Is Carried
to Former Home.**

Mrs. Elizabeth Smith, former well-known resident of Brunswick, who died recently in Washington, D. C., will be buried today at Brunswick. Mrs. Smith is survived by two daughters, Miss Marion Smith, of Washington, D. C., and Mrs. John W. Parker, of Houston, Texas; a son, Edwin B. Smith, of Washington, and two sisters, Mrs. R. C. Walker and Mrs. John D. Claybrook, of Austin, Texas.

State Printing Bids.

Invitation for bids for state printing was issued Wednesday by Joseph Camp, state superintendent of printing. The specifications include printing of acts of the general assembly, house and senate journals, tax digests, tax return blanks, etc.

WILEY IS VICTOR IN COURT FIGHT FOR EARLY OFFICE

Willie Wiley Wednesday was victor in the fight over a place on the Early county board of commissioners, when the state supreme court reversed the superior court judge's denial of Wiley's petition for quo warranto proceedings and for an injunction to prevent L. F. Douglas from sitting on the board.

Wiley was elected in 1927 to the commission, the record of the case showed, for a term of two years, but was commissioned by the governor for a term of four years.

The decision today held that Douglas was elected under a law which was repealed by an act of 1927, while Wiley rightfully should hold office until his successor is qualified.

TAFTS EN ROUTE TO SUMMER HOME AT MURRAY BAY

Washington, June 12.—(AP)—Chief Justice and Mrs. Taft left today for their summer home at Murray Bay, Canada.

The chief justice remained in bed at the hospital, where he has been under treatment for several days, until time to go to the station. He and Mrs. Taft made the long trip through the concourse and down the train sheds in wheeled chairs.

As his secretary was leaving him at the train the chief justice admonished him to be prepared, when he arrives at Murray Bay soon, to do some

hard work. It is the custom of the chief justice to use the summer months to study cases upon which the court must act at its session in October, and he has arranged to have a wagonload of briefs and papers sent to him.

It is the present plan of the chief justice to remain at Murray Bay until about the middle of September. He will come to Washington to attend the annual meeting of senior circuit judges to study the condition of business in the federal courts throughout the country and adopt measures to expedite the handling of cases.

FALSE PASSPORT MAIL ORDER HOUSE IN CUBA RAIDED

Havana, June 12.—(AP)—What is described as the largest and most flourishing false passport mail order office operating in Cuba has been

Photo by George Corbett, Staff Photographer.

In the above group are seen newly-elected officers and members of the board of trustees of Civitan International together with three past presidents, while in the lower picture, James N. MacLean, of New York city, right, retiring president, is shown with Robert W. Brooks, of St. Louis, Mo., new head of the organization. In the top picture seated from left to right are: Dr. A. R. Rozar, of Macon, elected to serve a two-year term on the board of trustees; George W. Simons, Jr., of Jacksonville, Fla., first vice president; Mr. Brooks; Clarence L. Harding, of Washington, D. C., second vice president; and George Carmichael, of Minneapolis, Minn., who was elected to serve a one-year term on the board of trustees.

In the back row, standing, are: Arthur Cundy, of Mayfield, Ky., field director; Stockton J. Broome, of Jacksonville, Fla., past president; Mr. MacLean; Dr. Herbert Acuff, of Knoxville, Tenn., past president; and Claude L. Hagan, of Birmingham, Ala., who was retained as secretary-treasurer.

raided by Cuban secret police and eight men now are under arrest. False passports were not only being issued locally, but evidence showed that an extensive business was being done through the mails. The majority of the bogus papers were for entrance into the United States.

It was said at police headquarters that activities of the group had been closely watched for several months

EMORY ALUMNUS FREED AFTER 24 HOURS IN JAIL

Speaker at Elizabethton Is Held on Conflicting Charges After Speech.

Elizabethton, Tenn., June 12.—(AP)—A ministerial student from New York, James A. Dombrosky, was freed today after 24 hours in jail where he was placed yesterday following an address here before a law and order league.

The young man, who is an alumnus of Emory university in Atlanta, was taken into custody yesterday when he started to leave town after delivering a speech disagreeing with the views of the Law and Order league. Conflicting reports here, and at Gastonia as to the reasons for the arrest preceded Dombrosky's release. Dr. R. Lingerfelt, Elizabethton city manager, said that David Ritter, city manager of Gastonia, had requested that Dombrosky be held. Gastonia officials, on the other hand, said that the Elizabethton officials had telephoned Gastonia of Dombrosky's arrest and asked if he were wanted in the North Carolina city.

Mayor E. S. Denny, of Gastonia, finally telegraphed Elizabethton that there were no charges against Dombrosky and that he was unwanted in North Carolina, whereupon he was released. Earlier in the day Sheriff J. M. Moreland had said he "thought" Dombrosky was held on a charge of reckless driving. Dombrosky was secretary of the Emory Alumni Association and business manager of the glee club on its European tour in 1928. Atlanta advisors said he came to Emory from Tampa, Fla. During the past year he was a student at the Union Theological seminary at New York city and made his home with a sister in East Orange, N. J.

Postcards from Dombrosky recently received by Atlanta friends, said he was making a hitch hiking tour of the southern cotton mill villages. A long strike in the rayon silk mills at Elizabethton terminated recently and the Law and Order league was an outgrowth. Strikes also have been in progress in Gastonia, where several score persons are under charges growing out of the slaying of the chief of police and the wounding of three other policemen.

James A. Dombrosky, who figured in news dispatches from Tennessee, is widely known here, having been prominently connected with student activities at Emory university for a number of years. He is an honor graduate of the university and regarded as one of the most brilliant and popular students to have attended the school in recent years.

Dombrosky entered Emory in 1919, coming here from Tampa, Fla. He took his B. A. degree in 1923, being cited as an honor student and winning election to a number of honor societies and fraternities. He continued his residence at the university for several more years, during which he served as national secretary of the Emory Alumni Association. In 1928 he was business manager of the Emory Glee Club and toured Europe with the club two seasons.

According to friends, he has been enrolled recently as a student of the Union Theological seminary at New York.

EXPERT ON LINENS BEGINS LECTURES AT ATLANTA STORE

Opening a series of lectures which last daily through this week, Miss Eve Ve Verka, hostess-lecturer of the Irish and Scottish Linen Guild, Wednesday afternoon spoke to a large gathering of Atlanta women in Rich's ten room on "Table Charm."

Miss Ve Verka told her hearers that they should dramatize their tables and make them express the individual personality of their hostesses. Her talk covered proper linen for tables at all social and home gatherings and was rendered doubly effective by a display of 25 properly appointed tables for as many occasions. Miss Ve Verka's talks will be given daily through Saturday at 3:30 o'clock.

Could Hardly Open or Shut Hands From Tetter. Cuticura Healed.

"I had tetter on my hands. It was so bad that I could hardly open or shut them. The skin cracked and if I touched anything they would bleed. The trouble lasted a whole winter. I tried everything anyone mentioned but it did not get any better. A friend advised me to try Cuticura Soap and Ointment so I purchased a cake of Soap and a box of Ointment. There was a noticeable change after using it so I purchased more and now I am completely healed." (Signed) Mrs. R. E. Brooks, R. 1, Box 7, Georgetown, Ga., June 12, '28.

**Foreign Cruise**

Byron R. Newell, son of Mr. and Mrs. W. C. Newell, of 136 Fifth street, N. W., will leave this month on a three-month cruise aboard the United States naval training ship Florida. He is a third-year midshipman at the United States naval academy at Annapolis, and is making this practice cruise to France, Spain and Italy along with other Annapolis undergraduates, commanded by Rear Admiral Harris Laning, commander of the midshipmen's practice squadron. Although Newell has taken several short cruises during his three years at the naval academy, this is his first into foreign waters. While he is aboard the Florida, a younger brother, James H. Newell, will sail aboard the battleship New York for Cuba and other points. He is connected with the naval unit of the U. S. C. at Georgia Tech, where he has just completed his freshman year.

**APPEAL HEARING
IN DONALDSON
CASE IS STARTED**

Hearing on an appeal from the court of ordinary which directed the appointment of a guardian for Mrs. Narcissa Donaldson, widow of the slain Bert Donaldson, investigator for Solicitor-General John A. Boykin, began Tuesday before Superior Judge E. D. Thomas and will be concluded today. The guardianship was asked by Houston White, son of the late W. Woods White, a close friend of Donaldson and his wife. After the court of ordinary had found Mrs. Donaldson incapable of handling her own affairs Miss Lucile McGinnis was appointed as guardian. A coincidence in the hearing now going on is that Mrs. Donaldson is represented by William Schley Howard, who defended Jack Lance, once sentenced to death for the murder of Donaldson but later freed when the verdict was set aside by the supreme court and the case later nolle prossed.

**DEATH SENTENCES
ON GEORGIA MEN
UPHELD ON APPEAL**

Death sentences passed on George Picklin for the murder of Dan Strickland in Chatham county and on Jeff Dozier for the murder of Laura Arnold in Floyd county were upheld Wednesday by the state supreme court. The supreme court also affirmed the life sentence given to George Brown for the killing of Will Moring in Emanuel county, but granted a new trial to Gordon Wilson, who was convicted of the murder of Johnny Hogan in Glascock county. Wilson was given a recommendation for mercy by the jury, carrying a life sentence. The court granted a rehearing to Tom King, who was sentenced to death for the murder of J. E. McNair, federal prohibition officer, in Butts county. The rehearing will be by brief on June 24.

**GENERAL R. P. DAVIS
WILL LEAVE ARMY**

Fort McPherson Head To Retire After 46 Years of Active Service.

Major General Richmond P. Davis, commanding officer of the fourth corps area at Fort McPherson, will leave the army to return permanently to civil life after 46 years of military service in the United States army. The general's request for voluntary retirement, effective September 1, was approved Wednesday by the war department, according to dispatches received here.

General Davis, who will be 63 years old June 23, would otherwise have retired because of age June 23, 1930, in accordance with army regulations. Because of his long service with the army he has had the privilege of re-

questing voluntary retirement for some years. The fourth corps area commander plans to leave Atlanta, accompanied by Mrs. Davis, September 1, to make his home in Washington, D. C. His successor has not yet been named.

General Davis attained his present grade and took command of the corps area with headquarters at Fort McPherson in October, 1927, coming here from Camp Lewis, Wash., where he commanded the third division. He was awarded the distinguished service medal for outstanding service as acting chief of artillery of the ninth corps in France during the late war. Prior to that he was in command of the 162d field artillery and the 151st field artillery brigade in action overseas.

THE RETURN OF TARZAN No. 4

By Edgar Rice Burroughs

Tarzan turned just in time to see a burly brute of a man poised with upraised club. The others, drawing evil knives, now rushed upon him. But the brain, agility, and muscles that had coped with the mighty strength of apes and lions was not to be so easily subdued as these Apaches of Paris believed.

Tarzan, the ape-man, charged full upon his most formidable antagonist. Dodging the descending weapon, he caught the man a terrific blow that felled him in his tracks. Then he turned upon the others. This was sport. He revelled in the joy of battle and the lust of blood as the thin veneer of civilization fell from him.

His strong white teeth found the throat of one assailant. He fought as he had learned to fight the great bull-apes of the tribe of Korchak. Panther-like, he leaped about the room. Bones broke in his iron grasp. Shrieks came from the bleeding Apaches.

The woman's face had undergone a number of changes as she watched the savage fight. From pretended distress it changed to horror. This man her cries had lured to what was to have been his death had turned the tables. She looked upon a veritable Hercules gone mad. And outside the door Rokoff awaited the outcome.

GLENN IS VICTOR IN WAR POLICY SUIT FOR \$6,210

A verdict in favor of Howard Glenn, former Georgia commander of

the Disabled Veterans of the World War, was returned by a jury in federal court here Wednesday afternoon in his suit against the government to recover approximately \$6,000 under the terms of his war risk insurance policy. The plaintiff claimed that he was due back payments of \$57.50 a month

on his policy which had not been paid by the government and the verdict of the jury fixed the amount at \$6,210. It was brought out in the evidence submitted that the health of the plaintiff had been seriously impaired by his service in the army during the World War and that he had been in hospitals no less than 30 times since leaving the service.

REVENUE OF \$6.71 IN 1928 CAUSES HALTING OF TRAIN

Transportation of only 11 passengers for a total revenue of \$6.71 during 1928 fully warrants discontinuance of operation by the Warcross and Southern railway, the Georgia public service commission agreed with the railroad Wednesday in handing down an order approving the discontinuance. The railroad's petition showed that the passengers dropped from 12,362 in 1924 to 11 in 1928, and that the deficit rose from 2,609 to \$15,537 per year in five years' time. The road is only 20 miles long.

When a Child is **FEVERISH, CROSS, UPSET**

Colic, gas, sour belching, frequent vomiting, feverishness, in babies and children, generally show food is souring in the little digestive tract.

When these symptoms appear, give Baby a teaspoonful of Phillips' Milk of Magnesia. Add it to the first bottle of food in the morning. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will sweep the bowels free of all sour, indigestible food. It opens the bowels in constipation, colds, children's ailments. Children take it readily because it is palatable, pleasant-tasting.

Learn its many uses for mother and child. Write for the interesting book, "Useful Information." Address The Phillips Co., 117 Hudson St., New York, N. Y. It will be sent FREE. In buying, be sure to get genuine Phillips' Milk of Magnesia. Doctors have prescribed it for over 50 years. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.—(adv.)

Every advantage of up-to-the-minute **SPECIALIZED CONSTRUCTION** in thoroughly modern trucks

MODEL 400. Two tons. Six cylinders. Four-wheel brakes. Chassis \$2495 f. o. b. Marion, Indiana

The new Indiana Sixes are the latest product of 20 years' experience in building performance

By specialized construction is meant the manufacture by specialists of various units and the co-ordination of these units by Indiana engineers, to make trucks that are modern in every part. Up-to-the-minute from end to end. Powerful, rugged, fast, flexible commercial vehicles, built to go into all kinds of transportation service with every possible advantage that can be contributed by special design and expert selection. The new Indiana Sixes are today offering more in performance—more in downright truck value—than ever before in their long history.

The Indiana Truck Corporation, with the Brockway Motor Truck Corporation, has become an organization which is one of the three largest manufacturers of motor-trucks exclusively—a manufacturing combination that is the most outstanding example of specialized motor-truck construction in the country. A corporation of great financial strength, invaluable good-will and assured continuance in business. An organization doing business in 85 countries and having more than 350 points of sales and service in the United States alone—including 43 factory branches.

Twenty-Six Athletes Lost to Tech Teams by Graduation

Football Squad Loses Eight Men

Alex Faced With Problem of Uncovering Quarterback; Durant, Schulman, Smith Gone.

By Herb Clark.

Twenty-six athletes are numbered in the group of seniors who received their diplomas at Georgia Tech Monday morning. In the class of 322 men this is but eight per cent.

The outstanding loss is on the football team where Durant, Smith, Schulman, Pund, Drennon, Thrash, Wadley, Holland, Randolph and Parham have all played their last game for the Jackets.

Baseball ranks next both in numbers and power as Stevens and Jordan, together with Schulman, Smith and Parham, are found on the ineligible list in college athletics.

The swimming team, losing Holleman, McKinstry, Simpkins and Shackelford, is also hard hit by the presentation of the sheepskins.

Beall, Morgan, Anastas, Duren, Randolph and Martin are trackmen who have finished their careers at the flint.

Lewis is the only tennis player to graduate, while Irvin is cast in the same role for the golf team, with Wilson as the lone basketball loss.

Cook, Trammell, Sheppard and Ware all received diplomas to weaken the lacrosse team.

These losses, though small in number, will affect the chances of the Jackets in all fields of sport as each man on the list is of a high caliber.

QUARTERBACK STAFF. Durant, Smith and Schulman composed Coach Alexander's quarterback staff of last season in its entirety and the absence of all three leaves the field wide open and leaves Alex with the task of doing some quick developing. Randolph and Parham will not be as difficult to replace, since the Jackets of 1925 had a number of capable ball carriers who should be able to step into the shoes of these two men.

The remaining five gridmen all played in the line, and should present little difficulty for the coaching staff, as the reserves of last year together with the newly eligible members of the freshman team will present sufficient material to furnish the necessary replacements.

The freshman team is also counted on to fill the vacancies in the baseball lineup, as Jimmy Stevens leaves the post behind the bat open to Ed Herron, and his mates on the graduating list leave holes in the field. John Jordan was the ace of the 1925 pitching staff, and his departure leaves Coach Clay with little material as the nucleus of his mound crew.

SMITH'S LOSS FELT. Shorty Smith, who for three years has been a big factor in the infield play of the Jackets, will probably be hard to replace, as will Bob Parham in the outfield. The place of Frank Wadley, who was declared ineligible at the outset of the past season, was never satisfactorily filled, and a "free-for-all" battle will be on again for the vacant posts.

Red Holleman and Dick McKinstry, Tech's two free style swimmers, leave this term to leave a big dent in the strength of the swimming squad.

'SHIRT' BOSTON WINS TOURNEY

'King' Cole Loses Thrilling Battle for Handball Title at 'Y.'

'Shirt' Boston, winner of the upper bracket in the Y. M. C. A. handball tournament, defeated Fred 'King' Cole in a fast four-game match Wednesday afternoon at the courts of the Central Y. M. C. A.

Boston won the first game, playing brilliantly with Cole well in hand all the time, 21-16. In the second game, however, Cole came back to win the only tilt that he could take off of the champion, 21-15. Cole played great handball and showed the class that goes with a championship contender.

Boston came back in the next two games and swept Cole off his feet, winning 21-17 and 21-13. Both of these games were marked by the desperate effort of Cole to stave off defeat.

The matches were conducted with a winner and losers' bracket. When the loser of a match was beaten he was not eliminated from the tournament, but was relegated to the losers' bracket where he competed with other losers. The survivor of the losers' bracket then met the upper bracket winner in the finals of the winners' division, then he went into the semi-finals of the losers' bracket automatically. Cole defeated two men before he was eligible to meet Boston in the finals, Smith and Baum. Cole had a win at least two straight games from Boston before he could have won the title, because the rules are arranged as to give the man in the winners' bracket a better break in the finals.

A banquet will be tendered the men who competed in the tournament at the "Y" next Tuesday night at 6:30 o'clock, and will be presided over by the champion, Boston. Medals will be awarded the various bracket winners, semi-finalist, and the champion.

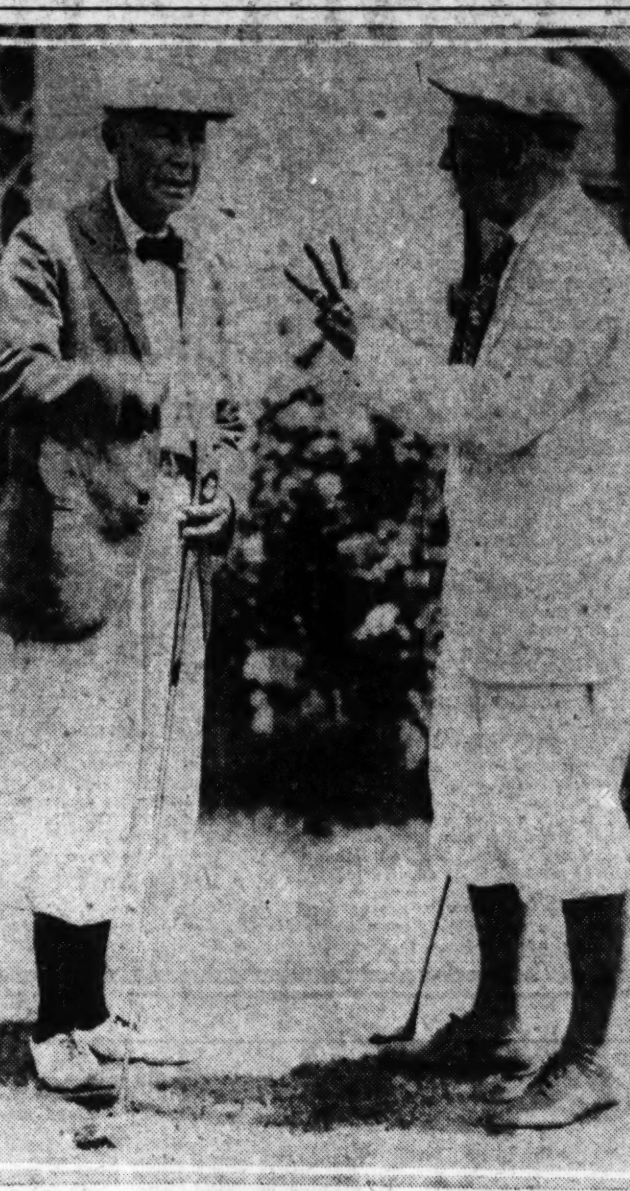

Gavuzzi's Lead Is Cut by Salo

Jacumba, Cal., June 12.—(AP)—Johnny Salo, of Passaic, N. J., reduced Pete Gavuzzi's lead in the transcontinental bunion derby to 19 minutes and 56 seconds by winning today's lap of 58 miles of grueling uphill running, from the Italian.

The Passaic policeman, who until yesterday had been ailing with stomach trouble, sliced 35 minutes and 50 seconds from Gavuzzi's elapsed time lead in the stretch between Calexico and Jacumba, partly over desert and partly over mountainous grades. His time for the 58 miles was 9:53:55.

Versatile Coach. Walter Christie, California track coach, has coached nearly every branch of college sports. He coached at Williams, Columbia and Princeton before going west.

Atlantans at Sea Island Beach

GRANT, MOONEY WIN MATCHES

Atlantans Enter Semi-Finals in Tourney at Greenville.

Greenville, S. C., June 12.—(AP)—The Carolina's tennis tournament reached the semi-finals today with the four favorites, Burwell, Grant, Mooney and Feuer matched for play tomorrow. Burwell will meet Mooney at 3 o'clock and Grant will take on the Miami red-head at 4:30.

Wilmer Hines, of Columbia, lost to the Atlanta veteran, Jack Mooney, 4-6, 6-4, 6-1.

Feuer had no trouble with Bob Crossland after the first set, defeating the Charlotte veteran, 4-6, 6-1, 6-1, in a match terminating in a windstorm.

Burwell won handily from Turner Carroll by a 6-2, 6-4 score.

Bryan Grant struck a snag in Cothran Graves' terrific service the last set, but finally defeated the Greenville man, 6-3, 7-5, in the best match of the day.

Wilmer Hines earlier in the day ran out two victories to reach the junior singles finals. Results, men's singles: Turner, Miami, defeated Hines, Greenville, 6-0, 6-1. Grant, Atlanta, defeated Graves, Greenville, 6-3, 7-5.

Quarter finals: Mooney, Atlanta, defeated Hines, Columbia, 4-6, 6-4, 6-1. Burwell, Charlotte, defeated Turner, Miami, 6-2, 6-1. Feuer, Miami, defeated Crossland, Charlotte, 4-6, 6-1, 6-1.

Men's doubles: Gault and Boland, Atlanta, defeated Childs and Kennedy, Spartanburg, 5-1, 2-6, 6-4. Grant and Mooney, advanced by default and Feuer-Turner and Burwell-Hines drew byes.

Junior singles: Hines, Columbia, defeated Phifer, Union, 6-4, 6-0. Hines defeated Reese, Atlanta, 7-5, 6-2, to reach finals.

Junior doubles: Powell and J. Halverstadt, Atlanta, defeated Phifer-Joe Grier, 6-2, 6-1.

Hines-Dial, defeated Morgan-Shurford, 6-1, 6-3. Beaver-Reeves, defeated Salley-Cheshire, 7-5, 6-3. Wright-Dubose defeated Adams-Allen, by default. Reese-Beaver defeated Wright-Dubose, 7-5, 6-7, 6-2, to reach semi-finals.

Robbie Gives Game "Gang-Pitching"

"Our Gang Will Pitch Today," Says Brooklyn Pilot and Slang Is Born.

By George Moriarty, Big League Umpire.

New York, June 12.—"Gang pitching" is what the relief role is now termed in the major leagues, and the characterization fits. When a pitcher is rushed in to substitute he is referred to as one of the gang. Wilbert Robinson, manager of the Brooklyn club, originated this name. During a recent spell when Vance, McWeeny and others of the Brooklyn staff were incapacitated, an interviewer asked Robinson to name the pitcher for the game at hand, and the Brooklyn pilot replied: "Our gang will pitch."

Through succeeding one another in the "gang" role so many times, Koussal, Moss and Ballou, of Brooklyn, have earned the title "gang pitchers." However, Brooklyn may find some consolation in the fact that "gang pitching" is not restricted to any one team. Second division clubs resort regularly to the practice, and pennant contenders are by no means immune.

4 IN 5 INNINGS. In a slugging bee staged by the St. Louis Browns last week, Ed Rommel, star knuckleball hurler, was the fourth Philadelphia pitcher who attempted to stem the tide, and he entered the box at the start of the fifth inning. The starting pitcher never knows what inning will be his finish. After a shower of hits he takes a shower himself, dresses, and may be sitting in the stands as a spectator in the second inning.

"Gang-pitching," as a title, seems consistent with "murderers row," the dynamic portion of the batting order, but from a standpoint of taming the offensive it is too often a mere gesture. After the manner of prize fighters, the batsmen today possess the "killer instinct." They wallop a pitcher to the showers and glory in it as much as a fighter who batters an opponent to the canvas.

"HAND-CUFFING." The common occurrence of "hand-cuffing" infielders with line drives has converted many big leaguers to the belief that another leap or two has been added to the rabbit ball. Ball players are referring to Lou Gehrig's buncle three-base clout as proof. The hit traveled 500 feet on a dead

LONG TRIPS AND CLIMATE CHANGES.

A few years ago there was a great hullabaloo about the big handicap of long trips for the invading team and the disadvantages of tackling a new and different climate.

The invader was supposed to be up against almost hopeless odds. While following an international golf match with Lord Northcliffe a few years ago he remarked that the invading team or player was under such a large disadvantage that he doubted the desirability of holding such contests.

But this early belief has been completely wrecked by the events of the last few years. United States golfers have gone to Great Britain and have won most of the British opens for the last seven or eight years.

Hagen and Bobby Jones alone have accounted for six.

The Stanford track team has traveled more than 3,000 miles to win the last three intercollegiate games at Cambridge or Franklin Field.

The Pacific Coast universities have won eight out of the last nine track and field events held in the East.

French tennis players came over here and took away the Davis cup and two Pacific Coast football teams came east last fall to crush the Army and N. Y. U.

The California crew won all the way from the Pacific ocean to Europe, picking up eleven consecutive victories, and most of them were from 3,500 to 7,000 miles away from home water.

The Notre Dame football team plays most of its games away from home, ranging from one ocean to another, and Notre Dame's winning percentage is close to 900. Which is fair enough for a long stretch.

When you figure out the details, the invader in the last few years seems to have had all the better of the argument. At least his average is high enough to show that it doesn't make a lot of difference where the game is played.

MICHIGAN AND STANFORD. Fielding H. Yost has always maintained that trips and climate changes made no great difference.

In 1901 he took his all-star Michigan team to the coast to play Stanford. Michigan trained in the snow and left in a snow storm. The game was played a few days later with the temperature around 90. Michigan won, 49 to 0, using only eleven men, while Stanford had to call on most of her substitutes.

Those were the days of Heslon, Neil Snow, Weekes, Sweeley, Gregory, Hadden, Redden, Hammond and other stars who helped to make Michigan one of the great all-time teams.

Alabama and Georgia Tech have traveled to the Pacific coast for three years without losing a game.

Two European fighters have clubbed their way into the semi-final round of the heavyweight championship, having displaced most of the home talent that happened to stroll in the way.

A good team or a real champion doesn't have to bother a lot about a long trip or about strange conditions. This made a good alibi once, but it doesn't work any more.

The crew favored at Poughkeepsie today for one of the greatest of all rowing championships is California, and the Pacific ocean is a long way from the Hudson.

And Horton Smith was a long way from Joplin or Springfield, Mo., when he romped around St. Cloud, outside of Paris, in a pair of 665. There are many times when the advantage is with the home defender, but the point is that it is not always a heavy advantage or a killing one.

HALF-STRIDES. An alibi is always the other fellow's excuse, not your own sound reason for failure.

One trouble is that few golfers know enough rules to know the ones they are breaking.

We have had Gorilla Jones, the Brown Panther, the Lion of the Pyrenees. Not to mention the large number of boa constrictors and pythons who have exchanged interlocking grips.

The point as to whether a university should be penalized for the operations of the old grads is a tough one. It is rough on the undergraduates who have nothing to do with the subsidizing. But what about the undergraduates of other universities who have to meet the old grads' hired men?

When young Jimmy Fox, of the Athletics, grows up he is going to be quite a help to some big league team.

Something is bound to bend if not to crack before this National League is over, what with four ball clubs about as evenly matched as any race has seen for years. It is only a question of time until the detonation of pulses will be heard in more than one large city.

Ability to take it on the chin always seems an admirable quality until you examine the ultimate result at close range.

The tough breaks are the only details that give the good breaks any value.

'Nervous Breakdown.'

Al Mello, according to his physician, has a "nervous breakdown" of the arms, which can be cured only by a long rest.

No-Hit Fame.

Mike Demuchio, of Rutgers; Nicholas of Amherst, and Zappia, of Lebanon Valley, are among the college no-hit pitchers of 1926.

JONES WINNER OVER ROGACKI

Steinborn Called Home; New Yorker Puts Up Rough Battle.

Shades of "Rough Richard" Davis.

They were in evidence as Joe Rogacki attacked Paul Jones with everything but the ring posts in their wrestling match at the auditorium annex last night before a crowd of about 600 people.

It was all to no avail, however, as Paul, who had won the first fall and dropped the second, came back with Rogacki's own tactics to win the third fall and the match.

Rogacki, a New York contribution, was sent as a substitute for Milo Steinborn by Milo, who wired Matchmaker McGarry that he had received a telegram from his wife in Memphis to the effect that she was sick and required his presence at her bedside. Milo, a good husband, caught the train, and proposed Rogacki, a 220-pound husky, as his alternate. He stated that he was sending his wife's wire here as confirmation.

Jones, the Texan who has proven a big favorite with Atlanta fans, was outwrestled by nearly 20 pounds, weighing in at 202.

Rogacki gave up the ghost after 38 minutes and 8 seconds of wrestling as Paul was able to double cross him in large doses with a double scissor. Plenty of action was given the fans in this fall, as in the others, as holds were made and broken with frequency.

Rogacki took the second fall in 14 minutes and 44 seconds. He got a strong hammerlock on Jones early in the fall, and after punishing him for a time, saw it broken. Jones' shoulder seemed to be hurt, however, and Rogacki got a double arm-lock a few moments later which forced Jones to the mat. Jones was on the defensive during most of this fall.

The third fall was a slug fest almost from the start, as Rogacki employed the ropes and displayed a propensity for clipping Paul behind the ears with a stiff chop. He progressed to the use of a single hand and soon had his fist clenched. Referee Bob Rubble awarded the bout to Jones on a foul, but Paul declined to accept, saying that he wanted to earn his victory. He did, and but shortly later, as he countered with an arm to catch Rogacki's jaw with his forearm and send him to the mat. Jones pinned him down behind the third fall and the match in 7 minutes and 41 seconds.

In the preliminary bout Jack McAdam defeated Jim O'Brien by taking the single fall in 21 minutes and 30 seconds. It was a pin-fall after a body block. The bout was slow, and fans showed little interest until the fall seemed near.

It was announced that Jim London had signed to meet the winner of last night's match, and that the London-Jones bout would probably be scheduled during the coming week.

Syracuse Players Receive Checks

Syracuse, N. Y., June 12.—(AP)—Every member of the Syracuse Baseball club of the New York-Pennsylvania league today received a check from President John P. Farrell calling for the full amount of their claim for wages up to June 1. Thus the strike of the players, called yesterday, officially came to an end. Yesterday the players refused to take the field and their game with Williamsport was forfeited.

No More Piles

Thousands Bless Dr. Leonhardt, the Specialist Who Discovered This Common Sense Remedy.

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, Jacobs' drug stores and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.—(adv.)

Wow! Another Firpo Arrives

New York, June 12.—(AP)—Victor Campolo, giant Argentine boxer, arrived here today from Buenos Aires to join the heavy-weight scramble for gold and glory.

Victorio is built in a big way, measuring six feet six inches and weighing 225 in fighting trim. His ambitions are of similar dimensions and he sees no reason why he should not be even more successful than was his countryman, Luis Angel Firpo.

"I believe that I could have beaten Firpo at his best," he said. "I am stronger than Luis and I know how to box."

Campolo, now 27 years old, was knocked out in the ninth round by Monte Munn, Nebraska lawyer-fighter, a little more than a year ago in Buenos Aires.

GOLFERS KICK ON NEW FEES

Continued from First Sport Page.

money that is taken in through the golf courses was used entirely for the betterment of the courses. But the facts, according to the association, show that the money which is taken in on the courses, and constitutes over 30 per cent of the city's revenue from the parks, is not used for golf alone but is directed for other activities of the park department. This is unfair in the eyes of the association unless the other charges for the use of park equipment are also increased.

The complete statement of the association is as follows:

Atlanta, Ga., June 12, 1926: In connection with the action of the park committee, city of Atlanta, in raising fees on golf courses double to those previously charged, the Municipal Golfers' Association suggests that there be no discrimination in this matter.

With respect to the statement of Chairman White, of the park committee, that in not another city could be found municipal golf rates as low as were being charged in Atlanta, or even as low as their new rates, he has named that rates charged in Memphis, Birmingham, Chattanooga, Dallas and New Orleans. He did not consider that in Memphis two municipal nine-hole courses are operated with no fee being charged, which courses are maintained by city appropriation, one of which has clubhouse facilities, including lockers and baths, and a golf professional is in charge of both. The 18-hole course referred to as charging a fee of \$60 has a golf professional in charge and also clubhouse with lockers and baths. The same may be said with respect to other cities named in so far as facilities are concerned, in that a golf professional is in charge of each, and clubhouse with locker and baths are both provided. Therefore, rates the golfers using municipal courses in those cities are available facilities similar to those provided by private courses. This condition does not prevail on any of our municipal courses.

Now with respect to the needed increased revenue. In 1926 the receipts from the two golf courses (James L. Key and Piedmont courses) were \$15,855. In 1927 the receipts from the same two courses were \$19,664 and in 1928, with the additional nine-hole course opened at Candler park, the receipts were \$16,908. The increase in the receipts of these courses was due to several reasons, one, the courses were not maintained up to the high standard which municipal courses are in other cities, also the courses built and operated at Black Rock, which is a semi-private course, being an 18-hole course, and the majority of golfers prefer to play on such rather than on a half or nine-hole course. Therefore, we cannot understand how our city administration expects to increase its revenue by increasing the fees, when by its own figures there is shown a reduction in the number of players on the municipal courses. It seems to us good logic that the smaller fees would rather encourage more play than could be expected under increases.

There is one position of the municipal golfers, and that is, were the revenue derived from the golf courses put back into the maintenance and operation of such, instead of being diverted to other forms of recreation, adequate facilities and perfect playing conditions would be available and they would be willing to accept any reasonable increase in the fees which the city administration might care to make.

We have been given to understand that our city charter provides that receipts from recreations such as golf, swimming, etc., goes into the general fund, and funds for maintenance and operation of golf courses and other recreations must be secured by appropriation. We have never realized the golf facilities in Atlanta such as have been afforded citizens of other cities much smaller than our own, although ours is nationally and internationally known as the golf capital of the world.

The Municipal Golfers' Association of Atlanta protests against the unwarranted increase in the fees for golf on our present inadequate facilities and hopes that the park department will realize the injustice of such increase, and immediately order reduction.

We, who are citizens of Atlanta have felt that we should not model our parks and other recreations after other cities, but should lead and permit others to follow.

HAGEN SEEKS OPEN VICTORY

Pro Champion Desires British and American Titles in Same Year.

By Walter Hagen.

Detroit, June 12.—I am certain that the Ryder cup tour has increased the general interest in the open championship to be contested this month on the Winged Foot club course at Mamaroneck, New York. Another thrilling golf romance will be enacted here and the sport will be greatly benefited.

The big events win new players and that, it seems to me, is the greatest mission they have; a far greater one than finding champions, for championship change, but the game, like Tenyson's brook, goes on.

The open will attract a great deal of attention because of the spirited rivalry among so many well-known players—travelers and untravelers. I will be there doing my best to win both of the "two big ones" in the same year as Bobby Jones did in 1925 at Stannes in England and Columbus here. Every player in the field will be doing his level best to win. I have not seen the course in two years but I know enough about it to realize it is going to be a Grade A test.

The visit of the American Ryder cup team, of which I was captain, to England and Scotland and the appearance of members of the team in Italy, France, Germany and the Irish Free State, was a big undertaking. The way the entire tour was carried out has thrilled golfers everywhere.

break in. He sent the game some of its finest players.

"Slick Engel," some of the scouts call him. He is usually a jump or two ahead of them. Joe has that winning smile, that friendly personality that can make even a bank president unbend. He knows men and players when he sees them.

He is a great hunter and has one of the finest packs of fox hounds in Maryland and another one in Kentucky. He and Walter Johnson are partners in the fox hound business. Their breed is the Walker with the Dan Dawson strain predominating. Great fox hound blood—Dapper Dan, Dan Dawson, Raider Dawson—a long string of winners.

There is a race horse named Joe Engel. He won a race last Monday at Washington park.

Last year, at Fairmont, Joe Engel came home first in his first time out. It was his first time at the post, and he came home first to pay the amazing sum of \$285.20 for a \$2 ticket.

Joe Engel doesn't own any interest in the horse. He's the kind of ball player they named cigars and horses after.

Benning Winner In Polo Tourney

Washington, June 12.—(AP)—Fort Benning, having won its opening contest of the infantry polo cup tournament from the War Department Blues in the southeastern district in inter-circuit matches, rested today preparatory to the contest Friday with the Third Cavalry team, which is making its first appearance.

Fort Benning gave the War Blues a two-goal handicap yesterday and won, 9 to 3. Lieutenant Jacobs and Major Lyman scored goals to wipe out the handicap before the two chukkers finished. Captain McClure, of Fort Benning, was leading performer, while Captain Hasty, of War Blues, starred in passing the ball.

Two Birdies Help Hagen, Smith Win

Detroit, June 12.—(AP)—Two birdies on the second nine today enabled Walter Hagen and Horton Smith to defeat George Von Elm and Jimmy Kinneer in a special four-ball best ball match on the Western Golf and Country Club course here by two and one. With Kinneer, pro of the Western club, badly off form, Von Elm tied Hagen with a par 72 over the 18 holes to make a nip-and-tuck match up to the 17th hole. Smith turned in a 74 and Kinneer an 83.

New Income For Ruppert

New York, June 12.—Before going to the country for a rest, Babe Ruth has been keeping out in the open air by occupying a box at the games in which his club took part at the Yankee stadium. When some comrade clouted the ball, the Babe has been breathing deep and then expelling the air in the form of gleeful yells. This should be good for the reported congestion of the lungs.

The Yankees appear to be overlooking a bet in sending Ruth to the country. Why not build him a nice pent house on top of the Yankee stadium every time a foul ball fell in the pent house garden, the Babe could autograph it, toss it back, and the umpire could auction it off. The receipts thus obtained should prove a considerable source of revenue.

Prometheus Races Home First Over Classy Field in Aqueduct Feature.

New York, June 12.—(AP)—Turf "experts," who have been ready to hand the juvenile championship to Harry Payne Whitney's Boojum on a platter may have to alter their decision if Prometheus, another bearer of the light blue colors, continues to perform in the fashion he exhibited at Aqueduct today.

Pitted against 12 classy two-year-olds in a five furlong sprint, this son of Broomstick showed his heels to the field in a manner that showed his victory in the juvenile at Belmont Park was no fluke.

Grattan finished second and Sarazen II third in the race, which Prometheus counted for in 1:09.35. Sonny Workman was in the saddle.

Benjamin Block's colt, Morsun, captured the Rockaway claiming stakes, which featured the second day of racing at the Long Island track. With Linus "Pony" McTee in the saddle, the son of Morvich raced over the six furlongs in 1:13.84 to defeat a field of eight and earn \$3,825 for his owner.

The Serenata Farm's George McCann accounted for the Cincinnati Rotary purse at Latonia, much to the surprise of the handicappers. As the result, George McCann not only finished his owner \$1,000, but paid his backers \$20.44 for a \$2 mutual ticket. Lord Bradshaw, from the Breckinridge string, was back only a nose for second, while the went to R. S. Clark's Lion Heart.

Miss Murphy Weds Mr. LeCraw At Beautiful Home Ceremony

The marriage of Miss Elizabeth Genevieve Murphy, daughter of Mr. and Mrs. A. L. Murphy, to Arthur Engstrom LeCraw, was beautifully solemnized at 8:30 o'clock Wednesday evening at the home of the bride's parents, "The Hedges," on Vienna road. The Rev. R. W. Oakley, pastor of the Peachtree Road Presbyterian church, performed the impressive ceremony in the presence of a representative gathering of relatives and friends.

The wedding ceremony was performed before an improved altar of palms and foliage plants in front of the mantel at the far end of the living-room. The altar, against which three seven-branched candlesticks were placed, was decorated with a magnificent arch of roses, pink roses, snapdragons and gladioli, stood in relief, formed the background of a magnificent arch garlanded with luxuriant ropes of asparagus fern, on each side of which stood a massive white column entwined with ropes of the same greenery. The mantel, before which the altar was placed, was flanked by seven-branched candlesticks holding slender burning tapers which cast a soft glow over the lovely scene. A single cathedral candle burned on each side of the massive columns.

The pathway for the bridal party was formed of aisle posts linked with streamers of white satin ribbon, a magnificent bow of the satin forming a bow on the top of each post. A raised platform was arranged before the altar before which the wedding party formed a picturesque semi-circle.

The Lovely Home.

The lovely home throughout was effectively decorated for the occasion. Chandeliers and wall brackets were garlanded with asparagus fern. The terrace and surrounding lawn were ornamented with myriad tiny electric lights covered with shades simulating pink tulips.

Preceding the ceremony Mrs. Norton Sullivan, accompanied by Mrs. Ernest Bentley, sang "All for You," and "At Dawning." The bridal party entered to the strains of the bridal chorus from "Lohengrin." During the ceremony "The Venetian Love Song," by Nevin, was softly played. The ceremony was performed by candle light, many candles in old brass sconces being placed throughout the long living room.

The Bridal Party.

The bridesmaids, Misses Anita Murphy, Jeannette Staples, Marjorie Smith, Mrs. Forrest Adair, Jr., Mrs. Arthur Stokes and Mrs. George Rouser, entered in pairs, alternating with the groomsmen who were: Frank Bell, Maxwell Cooper, Elliott Heath, Robin Brookshire, James B. Murphy, of Columbia, S. C., and A. Paul Brown, of Nashville, Tenn. The bridesmaids wore lovely dresses of Nile green chiffon, fashioned with tight basque waist and graceful circular skirt of uneven neckline. The neckline, which was round in front, featured the low back with modish circular cape effectively edged with silver. The skirt, which was caught to the close-fitting waist beneath a wide crushed girle, was also edged with silver. They carried bouquets featuring cascade showers of the same flowers. The streamers were of pastel shaded moire ribbon.

Mrs. A. L. Murphy, mother of the bride, who acted as matron of honor, wore a gown of peach-colored chiffon, featuring a long straight waist and graceful full skirt of two circular ruffles which fell in a modish graduated hemline. She wore a corsage of orchids and lilies of the valley.

Mrs. Howard Fish, matron of honor, wore a becoming model of pale yellow chiffon, fashioned with long tight waist and full skirt featuring three graduated ruffles. Her bouquet was of orchids and lilies of the valley.

Little Miss Katherine Murphy, cousin of the bride, who acted as

flower girl, wore a dress of delicate pink chiffon made with deep bertha and skirt of tiny ruffles.

The Lovely Bride.

The lovely bride, who entered with her father, A. L. Murphy, by whom she was given in marriage, was met at the altar by the groom and his best man, Roy LeCraw, brother of the groom. She was never more lovely than in her wedding robes of ivory tinted satin fashioned with tight waist shirred in front featuring a yoke of old rose point lace, and graceful circular skirt with graduated hemline.

A feature of the lovely gown was the long tight sleeves which fell in a point over the wrist of the bride. The long court train which was lined with delicate flesh-colored chiffon, was made into the skirt. The misty tulle veil, edged with deep princess lace which joined the tulle beneath a row of seed pearls, was caught to the beautiful hair of the bride in a cap edged with seed pearls and offset with a coronet of pearls and orange blossoms. Her only ornament was an old locket which belonged to the grandmother of the bride. She carried a magnificent sheaf of bride's roses and lilies of the valley, showered with dainty streamers of white satin ribbon and clusters of lilies of the valley. The tie for the lovely bouquet was of white satin ribbon.

The Reception.

A reception was held afterward at the home of the bride's parents, Mr. and Mrs. A. L. Murphy. The punch bowls were embedded in mounds of garden flowers. The wedding cake, which was topped with a dainty figure wearing a dress and bouquet similar to that of Mrs. Howard Fish, the matron of honor, was elevated above the beautifully appointed bride's table by a mound of pink and lavender flowers.

Lovely Costumes.

Mrs. Murphy, mother of the bride, wore a gown of yellow chiffon featuring a graceful draped skirt. She wore a corsage of yellow roses.

Mrs. LeCraw, mother of the groom, was gowned in orchid lace fashioned over an orchid-colored slip. She wore a corsage of orchids and lilies of the valley.

Mrs. C. E. McLain, aunt of the bride, wore a gown of black lace and a corsage of gardenias.

Mrs. C. W. Weeks was gowned in beige lace offset by a corsage of roses and sweetpeas.

Following the reception the young couple left for a motor trip to the Great Lakes and Canada. Mrs. LeCraw wore an attractive model, featuring a beige georgette waist trimmed with touches of ecru lace and eton jacket of midly blue flat crepe offset with a smart pleated skirt of the same material. She wore a beige-colored Knapp felt hat. Mr. and Mrs. LeCraw will make their home, upon their return, in Atlanta.

Organ Recital To Be Given.
Sunday evening at 7:30 o'clock at the Peachtree Road Presbyterian church an organ recital will be given by the organist, Mrs. W. A. DeLamar. The chorus choir, of which Mrs. DeLamar is director, will assist. Friends of the church, choir, and organist are cordially invited to this recital.

Miss Marlow Weds Thomas J. Sikes At Quiet Ceremony

Miss Marie Marlow became the bride of Thomas Jefferson Sikes at a quiet ceremony solemnized at 4 o'clock yesterday afternoon at the parsonage of the Woodward Avenue Baptist church, the Rev. L. E. Smith, pastor of the church, reading the marriage service.

Miss Pearl Zachry was the bride's only attendant and maid-of-honor. She was groomed in pale blue chiffon with a picture hat to match her costume completed by shoulder bouquet of pink rosebuds. J. H. Daily acted as Mr. Sikes' best man.

The lovely young bride wore for the occasion a model of flesh colored chiffon with a becoming picture hat in flesh tones. Her flowers were a shower bouquet of bride's roses.

Immediately following the ceremony, an informal reception was held at the home of the bride's mother, Mrs. J. L. Marlow, on Candler street, Decatur. Quantities of garden flowers in a variety of vivid colors, adorned the reception apartments of the home. Mrs. Marlow received her guests wearing a gown of black chiffon.

Later in the evening, Mr. Sikes and his bride left for a wedding journey to Chattanooga, Tenn., and other mountain resorts. Upon their return they will reside with the bride's mother in Decatur.

Mrs. Sikes is the daughter of Mrs. J. L. Marlow and the late Mr. Marlow, former citizens of Athens. She received her education in Athens, coming to Atlanta to reside several years ago.

The groom is the son of Mrs. Minnie H. Sikes and the late Dr. J. J. Sikes, his mother having held the position, until recently, of matron of the Atlanta Theological seminary. He is a descendant of Silas and Jesse Mercer, distinguished educators and founders of Mercer university at Macon. Through his mother, the former Miss Minnie Wellborn, he is related to the Wellborns, Griffiths and Corthers, of Georgia, and he is numbered among the heirs to the wealthy Jennings estate of England. Mr. Sikes holds a responsible position with the Nunnally Company.

Miss Eckford Hostess At Informal Tea.

A group of young belles who will spend the summer in foreign travel, including Misses Virginia Courts, Catherine Howell, Augusta Porter, Josephine Hollis and Frances Barnett, and Mrs. Byron Morrison, of Chicago, Ill., who has been the fete guest of several weeks, shared honors at the lovely informal tea at which Miss Florence Eckford was hostess yesterday at her home on Peachtree circle.

Mrs. F. R. Eckford, mother of the hostess, assisted in entertaining. The beautifully appointed tea table held as its central decoration a silver basket holding a variety of garden flowers.

A number of close friends of the hostess and honor guests were included in the guest list.

Mrs. Thomson Is Luncheon Hostess.

Mrs. Sam Thomson was hostess yesterday at a delightful swimming party followed by luncheon at the Piedmont Driving Club, complimenting her attractive house guest, Miss Elizabeth Cates, of Washington, D. C.

Miss Callie Orme Is Honor Guest.

Mrs. Spencer Atkinson entertained at luncheon yesterday at the Piedmont Driving Club, in compliment to Miss Callie Orme, whose marriage to William T. Healey will be solemnized Wednesday, June 26.

The handsomely appointed table was covered with an imported damask cloth and graced by three silver baskets, the handles tied with pastel tulle and filled with pastel-shaded hydrangeas and other summer garden flowers. Encircling these were silver candelsticks holding unshaded lavender tapers, tied with rose, lilac, blue and yellow tulle. The honor guest's place was designated by a corsage of orchids and valley lilies and the guests were presented corsages of pastel-shaded sweet peas. Hand-painted place cards featuring replicas of old-fashioned ladies and a bride and bridegroom were used as markers.

Covers were laid for Mrs. A. J. Orme, Mrs. William Healey, Mrs. Colquitt Carter, Mrs. William Huger, Miss Callie Orme, Miss Cornelia Orme, Miss Marion Bryan, Miss Evelyn Jackson, Miss Ida Sadler, Miss Ellen Newell, Mrs. Erroll Eckford, Mrs. Claude Bruce Woodruff, Mrs. Claude McGinnis, Mrs. Henry Grady, Jr., Mrs. J. Baptist Women at Forsyth Convention Hear Reports and Interesting Speeches

Forsyth, June 12.—The Baptist Women's Missionary Union of Georgia, in convention here, opened its second day's session, with morning worship in charge of Mrs. Charles E. Burks, wife of the pastor of First Baptist church of Macon. The address by Mrs. Carter Wright, of Roanoke, Ala., president of the Baptist Women's Missionary Union of Alabama, was the feature of the day. As ruby anniversary chairman for the Southern Baptist Union, Mrs. Wright made a marked success. She congratulated the Georgia union on having attained all the goals thus placing it in the list of the five victorious states of the southern union.

Mrs. Ben S. Thompson, of Madison, chairman of the ruby anniversary celebration for Georgia, to whom much of Georgia's success was due, addressed the meeting. Dr. Walter P. Binn, pastor of the First Baptist church of Forsyth, and Mrs. J. P. Binn, of Greenville, S. C., rendered solos.

YOUR WELL-BORN BABY

PURE MILK

will give him a strong place in the world of HEALTH and HAPPINESS

WHAT dreams you have for him—for the little mite whose life and happiness will be entrusted to you for many years to come. What palaces you build for him, what gifts and fame—what charm and beauty you hope will be his.

And yet, whether any of your dreams come true or not, depends largely on one simple food—on milk. The amount and kind of milk you drink before your baby's birth, determines his strength and health—and your vitality. It also affects the quality of your own milk.

Milk builds strong bones and teeth, firm muscles and rich, red blood. It also protects against disease. "Millions are spent for tooth repair work . . . during childhood and maturity," says the U. S. Children's Bureau, "but little thought is given the period when the foundation of the teeth is laid down—the prenatal period."

Your baby, for whom you hope so much, will be

handicapped or free to win in the game of life, depending on the start you give him now. His future success or failure may easily be shaped by his food—by the milk you are drinking today.

Rich, pure, doubly safeguarded, Foremost milk contains every element that is needed for your own health and your baby's growth. You need a quart a day, either as a drink or with soups, vegetables and desserts. Foremost milk, because of its purity, is delicious in taste, easily digested. Friedewald, Miss Elizabeth Perry, Miss Louise Power, Miss Edie Williams and Miss Ruth Gibson.

Last evening the Joy class of Park Street M. E. Sunday school, of which Miss Gibson is a member, entertained at a miscellaneous shower at the home

of Mrs. R. M. Brandon. A color scheme of yellow and white, the class colors, was effectively carried out in the flowers and decorations.

Miss Corbett Weds Frank Tindall.

A marriage of interest throughout Georgia and Florida was that of Miss Olivie Corbett, of Jasper, Fla., to Frank Tindall, of Atlanta, formerly of Macon, which was solemnized at 8 o'clock June 4 at the First Baptist church, Jasper, Fla. The Rev. R. P. McPherson performed the ceremony in the presence of a large number of friends.

Immediately after the service, Mr. and Mrs. Tindall left by motor for Grove Park Inn, Asheville, where they will be for several days. Upon their return to Atlanta they will be at home at Peachtree Road apartments.

The bride is the eldest daughter of Dr. and Mrs. J. H. Corbett, of Jasper, Mr. Tindall, a prominent attorney of Atlanta, is the youngest son of Mr. and Mrs. H. C. Tindall, formerly of Macon, now of Atlanta.

Vacant Chair Circle To Meet Today.

The Vacant Chair circle of the Atlanta Child's home meets at the home of the chairman, Mrs. William Fisch, 1733 Ponce de Leon avenue, this morning at 11 o'clock. This will be the most important meeting of the year as the election of officers will take place and the circle will adjourn for the summer. All members, whether they have been attending regularly or not, are invited to attend and phone their acceptance to the hostess, Dearborn 3943.

Miss Huber Weds Mr. Callahan At Beautiful Church Ceremony

The marriage of Miss Elizabeth Huber, sister of Mrs. C. T. McGuire, to Robert Callahan, of Atlanta, was beautifully solemnized at nuptial mass at 9 o'clock Wednesday morning at St. Anthony church. The Rev. Father J. X. Conlin performed the ceremony in the presence of a representative gathering of relatives and friends. The altar was effectively decorated

with pale pink gladioli in tall glass vases above which two seven-branched candelabra holding slender burning tapers cast a soft glow over the scene. Pews reserved for members of the two families were designated by streamers of white satin ribbon. Preceding the ceremony an appropriate program of nuptial music was rendered. Mrs. Eugene Callahan, soprano, sang "Ave Maria" to the accompaniment of Miss Nell Jentzen, organist. The full rich notes of the Lohegrin wedding march heralded the approach of the bridal party. Mendelssohn's wedding chorus was used as recessional.

The Bridal Party.

Miss Marion Huber, who acted as bridesmaid, wore a becoming powder blue ensemble fashioned along graceful straight lines and offset by a close fitting hat of the same shade. She carried a magnificent sheaf of pink snapdragons, larkspur and roses tied with streamers of lavender tulle. Miss Frances Michener, the maid of honor, was gowned in an ensemble of orchid colored georgette similar to that of the bridesmaid. With this becoming model she wore a close fitting felt hat to match and carried a bouquet of pink snapdragons, larkspur and roses, tied with streamers of orchid tulle.

The lovely bride, who entered with her brother, C. T. McGuire, by whom she was given in marriage, was met at the altar by the groom and his best man, Tom Callahan. Her lovely titian beauty was enhanced by her wedding robes of white crepe fashioned with long waist and graceful pleated skirt. A close fitting white felt hat completed the costume. She carried a magnificent bouquet of bride roses showered with lilies of the valley tied with streamers of white satin ribbon. Stonewall Keith acted as groomsmen.

The Wedding Breakfast.

Following the service a wedding breakfast was given by the bride's sister, Mrs. G. T. McGuire, at her home on Greenwich avenue. Snapdragons, sweet peas and roses in pastel shades were artistically used in decoration throughout the lovely home. The bride's table, which was overlaid with a handsome lace cloth, was ornamented with an epergne of pink sweet peas, around which silver candelsticks holding slender pink tapers tied with pink tulle were placed at artistic intervals.

Mrs. McGuire, sister of the bride, wore a becoming model of tan georgette fashioned with long waist and skirt of two circular ruffles. Georgette flowers of the same shade were introduced in an effective design on the waist and formed an effective grille. She wore a shoulder bouquet of pink sweet peas.

Mrs. L. J. Callahan, mother of the groom, wore a navy blue georgette offset with a navy blue straw hat. A shoulder bouquet of pink sweet peas adorned her shoulder. Miss Katherine Huber, sister of the bride, assisted in entertaining.

Following the breakfast the young couple left for a motor trip to North Carolina. The bride's traveling costume was a navy blue georgette featuring a deep inset yolk of cream lace and graceful pleated skirt. Her hat was a becoming close fitting model of navy colored Baku straw. After July 1 Mr. and Mrs. Callahan will be at home on Peoples street.

Miss Ogletree Weds William I. Grimmer.

Mr. and Mrs. J. L. Ogletree announce the marriage of their daughter, Ann Ruth, to William Irving Grimmer, of New York city, the ceremony having taken place at the Little Church Around the Corner.

Mr. and Mrs. Grimmer left for a honeymoon in the Bermuda islands. They will make their home in Jackson Heights, L. I., upon their return.

Miss Rowbotham And Miss Clausen Arrive in Atlanta

Mr. and Mrs. George Rowbotham and their daughter, Miss Ruth Rowbotham, and her guest, Miss Julia Clausen, of Chicago, Ill., have returned to Atlanta from Boston, Mass., where Miss Rowbotham and Miss Clausen graduated from Lasell seminary, one of the best colleges in the country.

Miss Clausen was a first honor graduate of the seminary and delivered their address on Virginia avenue, "Farewell to Gardner Hall," and Miss Rowbotham, as president of the endowment fund, presented the endowment raised by the students. Several social affairs will be given in compliment to Miss Clausen during her visit to Miss Rowbotham at her home on Brookhaven drive.

Mr. and Mrs. Jordan Are Bridge Hosts.

Mr. and Mrs. Gwyn Jordan entertained at a bridge party last evening at their home on Virginia avenue, honoring Miss Jimmie Louise Dodd and Harry J. Wilkinson, whose marriage will be solemnized at the Druid Hills Baptist church, Friday evening, June 14. The hostess was assisted in entertaining by their sisters, Misses Estelle and Sarah Wall.

Those present were Miss Jimmie Louise Dodd, Harry Wilkinson, Miss Ruth Maddox, Mrs. Mary Brown Dodd, Lewis Wilkinson, Mr. and Mrs. Gilbert Narum, Mr. and Mrs. Charles Ansley, Mr. and Mrs. Cliff Malcolm, Mr. and Mrs. Russell Garner, Mr. and Mrs. Everett Turner, Mr. and Mrs. Paul McCash, Mrs. Harold Antrim, Mrs. C. R. Barnett, Miss Frances Watwood, Miss Edna Lee and Mr. and Mrs. Jordan.

Miss Doris Leiding Feted at Parties.

Miss Doris Leiding, whose marriage to O. L. Keller will be solemnized June 21 at St. Luke's Episcopal church, continues to be entertained at many pre-nuptial parties. Mrs. J. W. Burghard will entertain for Miss Leiding at a bridge-ten Saturday, June 15, at her home on Euclid avenue.

Miss Jane Gardner will be hostess at a trolley tea in honor of Miss Leiding at a bridge-ten Saturday, June 15, at her home on Peachtree street. Mrs. J. H. Jordan entertained recently for Miss Leiding at a miscellaneous shower at her home on Fourth street. The home was beautifully decorated in cut flowers. Only a few close friends of the honor guest were present.

Mrs. McRae Honors Board of Home.

Mrs. Floyd McRae entertained at an al fresco tea yesterday afternoon at her home on Peachtree street in compliment to the board of management of the Home for Incurables. The tea table was graced with flowers from the beautiful gardens of the

hostess, and was placed on the terrace overlooking these gardens, which are now featured with magnificent hydrangeas. The guest list numbered 30, and the hostess was assisted in entertaining by her daughter, Mrs. Floyd McRae, Jr.

Mrs. McRae has been president of the board for a number of years, and has worked unceasingly for the welfare of the home.

Miss Anderson Weds Donald H. Armstrong At Home Ceremony

Of sincere interest to a host of friends throughout the south is the marriage of Miss Aldora Anderson and Donald Harper Armstrong, which was solemnized in the presence of the members of the families yesterday afternoon at 4:30 o'clock at the home of the bride on East North avenue. Dr. Luther Rice Christie, pastor of Ponce de Leon Avenue Baptist church, read the marriage service.

The home was decorated for the occasion with palms and lovely garden flowers, an altar of palms and flowers being beautifully formed in front of the mantel.

The bride was gowned in a smart ensemble of blue moderne, featuring an egg-shell blouse with accessories to match. She wore a corsage of sweetheart roses and valley lilies. Newton Thomas Anderson gave his daughter in marriage, and the groom had as his best man his brother, Jack Keating Armstrong.

A small informal reception was held immediately following the ceremony, and the bride and groom left for a wedding trip to Biloxi, Miss., New Orleans, and other places of interest along the Gulf coast. Upon their return they will be at home at 18 Peachtree Circle, N. E.

Mrs. Armstrong is the youngest daughter of Newton Thomas Anderson, a prominent insurance man of this city, and the late Mrs. Anderson. She is a young woman of winsome personality and has endeared herself to many friends by her engaging charm.

YESTERDAY WE SAW THE PELHAMS TRAP SOME BIRDS, AND WE MADE UP OUR MIND TO STOP IT. WE STARTED FOR OUR CANOE BUT STOPPED TO WATCH A STRANGE CANOE, COMING DOWN THE RIVER.

IT WAS THE SKINNY GUY IN THE LITTLE BROWN CANOE MONK BRIDGES ONCE OWNED. "HELLO LINK," HE YELLED. HE ACTED LIKE HE DIDN'T SEE US. HE PADDED TO THE PELHAM SIDE.

LINK LANDED AND SCAMPERS UP THE PELHAM BANK. HE UPSET THE CANOE, THE BIRDS FLEW OUT AND LINK STARTED BACK DOWN THE BANK WITH THE PELHAMS AT HIS HEELS.

THE SKINNY GUY DIDN'T HAVE TIME TO GET INTO HIS CANOE. THE PELHAMS WERE TOO CLOSE. HE SIMPLY DROVE INTO THE RIVER AND SWAM ACROSS TO US. THE PELHAMS TOOK HIS CANOE.

THE PELHAMS CARRIED THE CANOE BACK UP THEIR BANK. LINK YELLED, "HEY! THAT'S NOT YOUR CANOE! IT'S MONK BRIDGES' AND I'M GOING TO SEE THAT HE GETS IT!"

BURGESS CHILDREN'S STORIES

MOTHER BROWN GETS A SCOLDING.

BY THORNTON W. BURGESS.

Possession seems to make a right but seldom overthrown. —Mother Brown.

Mother Brown had washed out some towels and went to hang them on the clothesline. She went over to the clothesline bag, hanging just inside the shed, and opened it to take out some clothespins.

"Gracious!" exclaimed Mother Brown. "Who under the sun has been filling up this bag with trash?" She pulled out a handful of little dry twigs and bits of wire. "I should think any one would know better than to put trash in my clothespin bag," she continued. "The idea!"

"Tut, tut, tut, tut!" Tut, tut, tut, tut!" scolded a sharp little voice close by.

Mother Brown looked up to see a very excited, small person. Of course, it was Jenny Wren. Mother Brown recognized her at once. Jenny was evidently very much excited. "Now what is the matter with you, Jenny Wren?" demanded Mother Brown. "Has Black Pussy been trying to catch you? What are you doing up here anyway? You ought to be over in the Old Orchard attending to your household affairs like a good house-maker."

"Tut, tut, tut, tut, tut!" scolded Jenny Wren.

"Tut, tut, tut, tut, tut!" scolded another voice.

Mother Brown turned to discover Mr. Wren, quite as excited as was Jenny. For the time being she forgot all about the clothespin bag. She looked all around to see what was exciting Jenny and Mr. Wren. She expected to see Black Pussy somewhere around, but Black Pussy was nowhere to be seen. Nor could she see anything else to so excite these little feathered folk. Finally she gave it up and once more turned toward the clothespin bag. But the instant she put her hand up, Jenny Wren flew almost in her face. And such a scolding as she got from both Wrens! Once more she forgot the clothespins in her interest in Jenny and Mr. Wren. She went outside the shed to look around. As soon as she was outside the scolding stopped. But when she returned the scolding again. She was scolded harder than ever. Finally she noticed that

"Who under the sun has been filling up this bag with trash?"

into the yard to a point from which she could watch the clothespin bag. Almost at once, Jenny and Mr. Wren began to pick up the sticks that she pulled out of the bag and call them back in again. How they did work! They worked so fast and so hard that Mr. Wren didn't have time for his usual amount of singing. But he would keep every once in a while and sing so hard that he shook all over.

"Well, I never!" exclaimed Mrs. Brown. "These Wrens are building a nest in my clothespin bag, right on top of the clothespins. What am I going to do about it? I cannot hang a wash out without clothespins and the clothespins are in that bag. Well, these towels do not have to be hung just now anyway. They will dry just as well spread on the grass."

So Mother Brown took her towels out and spread them on the grass. Jenny Wren kept an eye on her and every time she approached the shed Jenny scolded. Finally Mother Brown began to laugh. "Not since I was a very small girl have I received such a scolding as I've had this morning," said she.

Atlanta To Receive Natural Gas by October 1, Ragsdale Is Assured by Operators

Fuel Being Piped From Louisiana—Progress Is Reported in Laying of Many Miles of Mains.

Definite assurance that Atlanta will have natural gas from the Louisiana fields by October 1 was given to Mayor J. N. Ragsdale Wednesday by Chauncey L. Waddell, of Dillon, Ragsdale & Company, New York, financial backers of the project to pipe natural gas to Georgia. Mr. Waddell was in Atlanta for the day and called on the mayor to advise him of the progress of the work.

The furnishing of Atlanta with natural gas from the Louisiana fields involves the laying of a large main by the Southern Natural Gas Company, the main to supply cities and towns along the route and adjacent to the trunk line. Negotiations between the Southern Natural Gas Company and the Central Public Service Corporation, new owners of the Atlanta Gas Light Company, for the delivery of natural gas here were completed some months ago when a "city gas" contract was signed.

Under terms of the "city gas" contract, the natural gas company will deliver the gas here, and the Atlanta Gas Light Company will distribute it. Natural gas is said to have a higher heating quality and to be cheaper than artificial or manufactured gas, and is declared to be a boon to industry. In addition to its heating qualities, natural gas will have the advantage of serving to help eliminate Atlanta's smoke nuisance, it is said.

Negotiations by which the natural gas deal was completed occupied several months, and were delayed for some time because of the large amount of work involved in working out details of the contract, involving rate schedules, etc.

MODERN VERSION OF 1849 ROMANCE RULED OFF STAGE

Chicago, June 12.—(AP)—The modern version of "Frankie and Johnnie's Love Affair" back in 1849 in too much of a Chicago stage, so tonight the cast of John Kirkland's play, "Frankie and Johnnie," packed up and moved out of the Adelphi theater.

Municipal authorities led by Police Commissioner William Russell, forced the closing of the play after a two-week run in the Loop playhouse. The authorities contended it was indecent, but attorneys for the theater sought to show it was based on "merely a simple romance of 1849 which later had inspired such poets as Eugene Field and Carl Sandburg."

SOUTH TO BREAK RANKS, ANTI-SMITH CHAIRMAN SAYS

Washington, June 12.—(AP)—Viewing the recent democratic dinner as "very definite indication that the Tammany group will retain its control of the party," Frank Lyon, anti-Smith chairman of Virginia, today predicted the south would break away from the democratic ranks. He declared the outcome of the anti-Smith convention to be held at Roanoke June 18 might well preface a coalition of the south and northwest in a controlling political party.

COP RUNS DOWN BURGLAR SUSPECT WHEN SHOTS FAIL

Memphis, Tenn., June 12.—(AP)—When six bullets failed to stop a negro burglar suspect, who started to run when Henry Sykes, special officer, came upon him in an alley early today, Sykes laid his pistol aside and took after him on foot. The chase ended in success after extending over two blocks. Police said the negro admitted that he and a companion had broken into a building.

Mercury Likely To Reach Peak For '29 Today

Flirting with the highest maximum temperature figure of the year, the mercury in the official thermometer Wednesday afternoon succeeded in climbing up to the 89-degree mark.

Equaling the figure which was reached the last day of May. All indications point to the probability of getting up to 90 today, according to the forecast of the local United States weather bureau.

A few clouds will be drifting around the skies more or less aimlessly today, but there is no possibility of showers tonight or Friday. No comment was made on whether or not Jupiter Pluvius would play his usual visit to the city on Sunday.

State Baraca Meeting Opens At Columbus

Columbus, Ga., June 12.—(AP)—Tonight's session of the annual convention of the Georgia Baraca-Philathen Union was featured by an address by Dr. William Russell Owen, pastor of the First Baptist church of Columbus, who used as his subject, "Go Ye Into All The World and Preach the Gospel."

The afternoon session included several addresses, annual reports, appointments of committees and other business.

Today's speakers and their subjects included: Miss Lucy Whittier, state secret service campaign, "The Secret of Secret Service."

T. Ralph Grimes, state Baraca treasurer, "County and City Union Work."

Mrs. S. H. Edge, Americus, "Selecting New Workers."

Officers for the year will be elected at tomorrow afternoon's session and the convention will close tomorrow night with a banquet.

Meeting Today Opens Georgia Commencement

Athens, Ga., June 12.—(AP)—A meeting of the board of trustees tomorrow will signify the formal opening of commencement exercises at the University of Georgia.

The board of visitors, which annually inspects the university and reports to the trustees, is in session today. The visitors began their work after a reception by the faculty in Memorial hall Monday afternoon.

The board of visitors this year includes: H. O. Smith, chairman, Atlanta; W. H. Martin, Dawson; S. F. Maughon, Commerce; Jack Slaton, Valdosta; and Phil Ogletree, Cordele.

MERCER SUMMER SCHOOL OPENS NEW SESSION

Macon, Ga., June 12.—(Special).—Mercer summer school opened here today with 300 students enrolled. Registration took place yesterday and classes began at 8:15 o'clock this morning. Chapel exercises will start on Friday and will be held every Tuesday and Friday throughout the summer quarter. Attendance will be required of all students.

More are expected to matriculate later in the week, as several Georgia schools have not yet closed. A number of the Mercer students are teachers.

This year's enrollment includes a large number of college girls. Courses are offered in academic subjects leading to degrees and in educational subjects leading to teacher's certificates. The law school also is being maintained this summer. The school will last until August 20.

OFFICIALS DENY PRINCE OF WALES BETROTHAL RUMOR

London, June 12.—(AP)—Rumors that the Princess Ingrid, daughter of the Swedish Crown Prince, was engaged or about to be betrothed to the Prince of Wales were strongly denied tonight by an unnamed "high court official" to whom the Daily Mail ascribed the statement that there was not a word of truth in any of the suggestions linking the princess with members of the British royal family. This official was quoted as saying the appearance of these rumors in foreign newspapers was without the slightest foundation and was causing considerable annoyance.

LANIER HIGH BOY NAMED DISTRICT EDISON WINNER

Macon, Ga., June 12.—(AP)—Chester Maples, Lanier High school, Macon, was announced today as winner of the sixth district of Georgia, Edison scholarship. Examinations were held in all Georgia congressional districts Monday.

POLICE COMMITTEE Routine Business Handled at Wednesday Session.

A mass of routine matters kept the Atlanta police committee engaged Wednesday night. Alderman J. J. Charlie Murphy, chairman, presided, and Councilman Nelson Spratt, of the tenth ward, who succeeded the late Councilman Sam A. Warrick, attended his first session since his appointment to the post several days ago by Mayor J. N. Ragsdale.

AT THE THEATERS

VAUDEVILLE PICTURES—KEITH'S GEORGIA—11:30 times: "High Voltage." LOEW'S CAPITOL—Low time: "Bridge of San Luis Rey."

FEATURE PICTURES—HOWARD—"The Rainbow Man." METROPOLITAN—"The Girl on the Barge." RIALTO—"The Girl on the Barge."

MOVIES—LAMO No. 2—"Telling the World." CAMEO—"Saturday's Children." LOEW'S GRAND—"Why Be Good?"

NEIGHBORHOOD MOVIES—DELAKE—"The Dots Steps Out." EMPIRE—"The Flying Fleet." PALACE—"Just Another Blonde." FORCE OF LION—"Lucky Boy." TITON 27—"Morgan's Last Raid." WEST END—"A Woman of Affairs."

Keith's Georgia. Larry Rich, famous comedian and hand leader, is making whoopee at Keith's Georgia this week with his band and several specialties. Larry Rich and Friends with Miss Carlena Diamond, Fulton and Mack and Mlle. Cherie present vaudeville in unit fashion. The feature picture with this unit show is Pathe's all-talking drama, "High Voltage," with William Boyd and Carol Lombard in the stellar roles.

The story depicts the effect that being snowbound in the wilderness for ten days has on six people from entirely different walks of life.

Loew's Capitol. Singer's Midgets, a troupe of little folks who present "The Dots Steps Out," a widely diversified program of entertainment, constitute the principal stage attraction at Loew's Capitol, while on the screen there is the sound film production of "The Bridge of San Luis Rey," dramatizing the popular novel of that name. The mid-west present a program that favors of the circus, the pretentious musical productions of Broadway, and the best talent of the vaudeville circuit. The cast of the screen feature includes such stars as Lily Damita, Raquel Torres, Ernest Torrence and Henry B. Walthall.

Howard. Frankie Darro, child of the stage, who was doing hand-springs and back-flips at an age when many a child is just starting kindergarten, has the tremendously important "kid" part in "The Rainbow Man," which is showing at the Howard all this week. The child delivers a marvelous performance which puts him on a par with the immortal Jackie Coogan of the silent drama. Eddie Dowling plays the little role of the picture. Cast opposite him is Marian Nixon, who makes her debut in the audible screen realm in this picture.

Loew's Grand. Colleen Moore in her latest production, "Why Be Good?" opens today at Loew's Grand. It is a narrative of the modern flapper, a character in which Colleen has won widespread popularity. Frivolous and dramatic at intervals, this latest screen presentation is one of her most entertaining sketches. The program includes current news reels and synchronized comedies.

Rialto. Jean Hersholt is scoring at the Rialto this week in Rupert Hughes' romance, "The Girl on the Barge," supported by Sally O'Neil and Malcolm McGregor. The story relates the romance of a young girl and young man who live aboard a tugboat plying the upper canals of New York state. The tale abounds in human interest and offers Hersholt an excellent opportunity for portraying character roles at which he is superb. On the program also: "The Diplomats," a Vitaphone act, Pathe Sound News and Fables.

Empire. "The Flying Fleet," one of the most romantic of the many aerial pictures made during the past several years, will be seen for the last time today at the Empire theater, corner Georgia avenue and Crew street, where capacity houses Wednesday afternoon. A hearty reception to the film. Featured in the production are Anita Page, blonde beauty; Ramon Navarro and Ralph Graves.

Cameo. In "Saturday's Children," the film showing today at the Cameo, Corinne Griffith is in the role of a working girl who gives up her economic independence for matrimony and then gives up matrimony for economic independence. The role of the lover who becomes her husband and after a fraying romance, turns from husband to lover again, is enacted by Grant Withers.

Alamo No. 2. "Telling the World," an unusual comedy-melodrama starring William Haines and dealing with the transmission of important news by radio and telegraph, comes today to the Alamo No. 2 theater. Its Oriental scenes are said to be among the most realistic and picturesque ever filmed. Sam Wood directed this Metro-Goldwyn-Mayer offering, which presents a new screen find in the person of Anita Page, who plays the leading feminine role.

STARS OF SCREEN WILL BE GUESTS AT BALL TONIGHT

Director Fred Caldwell and his staff of stars, consisting of Mary Carr, Charles Delaney, Gloria Gray and Muriel Stranz, will be the honor guests at a costume ball at the Henry Grady hotel at 10 o'clock tonight.

The motive of this ball is to acquaint the stars with local people, since they are going to be here for more than 30 days while making the talking picture entitled "Smouldering Volcano."

Mr. Caldwell will have his staff of cameramen take pictures at the Movie Costume ball tonight, and these pictures will be shown at the theaters.

DUBLIN POLICE OFFICER KILLED IN MINE BLAST

Dublin, June 12.—(AP)—Police Inspector O'Sullivan was killed today by the explosion of a mine at Kilsesh, County Clare. He was investigating reports of an alleged arms and ammunition dump. Two other officers were badly injured.

O'Sullivan and two civil guard officers had gone to a stony near Kilsesh on receipt of an anonymous letter giving the location of an alleged ammunition dump. When O'Sullivan started to dig, a terrific explosion occurred.

Over \$100,000.00 Paid To Constitution Subscribers During the Past Seven Years Through Its Insurance Service Department... The Greatest Service Rendered by Any Newspaper in the South

Have you overlooked the protection your family needs so that if the worst should happen to you in case of a travel and pedestrian accident they are protected? Are you doing your duty to yourself and them by neglecting this?

Here is shown evidence of some of the most wonderful service The Atlanta Constitution is rendering to its subscribers.

Mr. C. R. Wood, Hapeville, Ga., was holder of policy No. 6669513, and on January 12, 1929, while crossing the street at Fair and Lawshe Streets, Atlanta, Ga., was struck and knocked down by an automobile, fracturing his skull, from which he died January 14. His beneficiary was paid \$1,200.00.

Mr. Howard Bosworth, Atlanta, Ga., holder of policy No. 6129452, on January 15, 1929, while driving out Peachtree Road, struck a raised car track causing his car to crash into a telephone pole, from which accident he died later during the day in a local hospital. His beneficiary was paid \$2,200.00.

Mr. Dean J. Holt, Sandersville, Ga., was holder of policy No. 6552932. On January 8, 1929, while returning from his farm, his automobile hit a rough place in the road, causing him to lose control of his car and it ran into a peanut threshing machine by the side of the road, causing the car to overturn, crushing him and killing him instantly. His beneficiary was paid \$2,400.00.

Mr. Lewis A. Holt, of Sandersville, Ga., a brother of Dean J. Holt, holder of policy No. 6552933, was injured in an automobile accident on March 30, 1929, about seven miles from Dublin, Ga., from which accident he died in a Dublin hospital on that day. His beneficiary was paid \$2,400.00. This makes two fatal automobile accidents in one family in less than three months, each carrying a Travel and Pedestrian Accident Insurance Policy through The Atlanta Constitution at the small cost of \$1.25 each, and the beneficiary was paid \$4,800.00, or \$2,400.00 each. It pays to be protected with a Constitution policy.

Mr. J. A. Broger, Atlanta, Ga., was holder of a Constitution policy, and while going to work in his automobile March 2, 1929, was struck by a train, from which accident he died on the way to a local hospital. His beneficiary was paid \$2,000.00.

This makes a total of \$10,200.00 paid in a short space of time to subscribers of The Atlanta Constitution, who were thoughtful enough to protect themselves through The Atlanta Constitution's most wonderful insurance protection service. These payments are in addition to many smaller payments caused from total disability traveler and pedestrian accident (not fatal) from \$10.00 to \$150.00. These accidents and payments are almost daily.

Every subscriber to The Daily and Sunday Constitution and immediate depending members of a subscriber's family, between the age of 15 and 70, are entitled to this insurance for only \$1.00 per policy per year in addition to the subscription price.

Suppose tomorrow you would be the victim of a travel accident and thousands of them occur every day, what of your family? You can't be happy if you have not made provision for them. Why take a chance? Now while there is still time protect yourself and every member of your family between the ages of 15 and 70 with

Highway Financing System Scored by Dr. C. N. Howard

Georgia never has had a "pay-as-you-go" plan for building state highways. It has always been a county bond plan, declared Dr. C. N. Howard, of Cusseta, Chattahoochee county, in an open letter to Sam Tate, chairman of the state highway board, made public Wednesday. Dr. Howard said that the present plan of assessment is unfair to the country counties, and insisted that "this arbitrary assessment is both illegal and in violation of the spirit of the constitution."

OIL OR GAS

With a MONCRIEF ANY FUEL IS IDEAL

One thing to remember—your first consideration is not what fuel to use, but what equipment to install. And with the 1929 Moncrief you may choose any fuel—or may change from one fuel to another—with complete confidence in dependable performance, sure economy and perfect winter comfort.

So if you plan to buy or build—or contemplate the installation of a gas or oil burner in your present home either now or a dozen years from now—be certain that the furnace is the 1929 Moncrief. Designed and installed by our own engineers, Moncrief Furnaces are not only recommended by good builders, architects and contractors, but by gas companies and all the leading gas-and-oil-burner manufacturers.

Through a liberal time payment plan, the advantages of a Moncrief are available to anyone. Your builder or our engineer will gladly supply any information and explain Moncrief's ironclad guarantee of "Seventy Degrees With Any Fuel Regardless of the Weather."

sonably expect to accomplish as much as has been accomplished by the former chairman," pointing out that John N. Holler "had county aid to match the federal appropriation," and that this had been done by the wealthy counties who were able to issue county bonds. "From now on the state will have to complete the system," Dr. Howard said.

Bankruptcy Forecast.
Dr. Howard declared that the poor counties are not able to issue bonds and that "if your board continues to insist that they pay 25 per cent of the cost of construction it will bankrupt the counties." In his opinion, the state must proceed from now on without county aid—especially if it is the purpose of the board to build paved roads in the country counties, Dr. Howard said.

Pointing out that Muscogee county has 24 miles of state roads and her worth as shown by the county debt is \$42,874,500, Dr. Howard said that Marion county has 25 miles of state roads and her worth as shown by the county debt is \$1,581,155, not including corporate wealth.

Cost to Marion County.
"If these roads are paved and the cost of pavement should be \$25,000 per mile, the pavement in Marion county will cost \$25,000 more than it will in Muscogee, and yet Muscogee county has more than 20 times as much wealth as Marion county," Dr. Howard said.

much wealth as Marion county," Dr. Howard said. "You can readily see that so far as Marion county is concerned this tax is confiscatory," he added, pointing out that the constitution provides that taxes must be "uniform on the same class of subjects." Stating that the state highway board has created a state debt of more than \$25,000,000 by claiming that the money furnished by the counties is a loan, Dr. Howard said that "this immense debt has been created by three members of the highway board and three ex-county commissioners," and asked, "is that the proper way to create a state debt?"

"If it becomes necessary to supplement the current revenues by creating a state debt it ought to be done legally and no debt should be created except by a vote of the people," Dr. Howard said.

JUDGE GUNN URGES ROAD BOND ISSUE.

Georgia is considerably behind sister states in road construction, and this handicap can only be overcome by adoption of the proposed highway bond program, former Judge Will Gunn of Atlanta declared in a talk before the West End Women's Club Wednesday. Defects of the existing "pay-as-you-go" highway finance system were stressed by the speaker, who favored the plan to issue highway bonds in sufficient quantities to complete Georgia's highway systems.

Mr. Gunn urged the adoption of systems of highway finance, and estimated that road construction could be completed under the bond fund in
